DO NOT WRITE IN SHADED AREA ABOVE

Purpose

It is the policy of Mid-State Health Network (MSHN) that all persons, except those incarcerated, consistent with the Michigan Freedom of Information Act (FOIA), are entitled to full and complete information regarding the affairs of government and official acts of those who represent them as public officials and employees. Citizens shall be informed so they fully participate in the democratic process. The following procedure is intended to detail the process for public access to required records and to establish the process by which MSHN will comply with the FOIA standards.

Procedure

1. **Responsibility:** MSHN, acting pursuant to the authority at MCL 15.236, designates the Executive Assistant, as the FOIA Coordinator. The FOIA Coordinator is authorized to designate other MSHN staff to act on his/her behalf to accept and process written requests for MSHN’s public records and approve denials.
2. **Information Access Under FOIA:** Persons seeking direction on how to make a FOIA request shall be directed to this procedure on the MSHN website, www.midstatehealthnetwork.org. If the person does not have internet access a hard copy may be provided by US Mail.

Instructions for Making a Request: *Before making a request, look to see if the information you are interested in is already publicly available. You can find a lot of useful information on a range of topics on the MSHN website, www.midstatehealthnetwork.org.*

If the information you want is not publicly available, you can submit a FOIA request to the MSHN’s FOIA Coordinator. There is no specifically required form for making a FOIA request, however the request must be in writing and sufficiently describe the public record(s) being requested. MSHN can receive FOIA requests electronically, via email or fax, or in hard copy via the United States Postal Service or hand delivery

- Email: merre.ashley@midstatehealthnetwork.org
- Fax: 517.253.7552 or 517.574.4093
- Mail/Hand Delivery: 530 W. Ionia Street, Ste F., Lansing, MI, 48933.

What can I ask for under the FOIA: *A FOIA request can be made for any agency record. You can also specify the format in which you wish to receive the records (for example, printed or electronic form). The FOIA does not require agencies to create new records or to conduct research, analyze data, or answer questions when responding to requests.*

Questions about making a FOIA request to MSHN should be directed to the administrative office at 517.253.7525

3. Processing a FOIA Request: If a request for a public record is received by fax or email, the request is deemed to have been received on the following business day. If a request is sent by email and delivered to MSHN's spam or junk-mail folder, the request is not deemed received until one day after the FOIA Coordinator first becomes aware of the request. The FOIA Coordinator shall note in the FOIA log both the date the request was delivered to the spam or junk-mail folder and the date the FOIA Coordinator became aware of the request.

The FOIA Coordinator shall review MSHN spam and junk-mail folders on a regular basis, which shall be no less than once per month. The FOIA Coordinator shall work with MSHN Information Technology (IT) staff to develop administrative rules for handling spam and junk-mail so as to protect MSHN systems from computer attacks which may be embedded in an electronic FOIA request.

The FOIA Coordinator shall keep a copy of all written requests for public records, received by MSHN, in accordance with the Board approved record retention policies and State of Michigan Guidelines (FOIA records for Community Mental Health Services Programs must be retained from the date of creation plus 1 year.)

Unless otherwise agreed to in writing by the person making the request, MSHN will issue a response within five (5) business days of receipt of a FOIA request. The FOIA Coordinator will respond to a request in one of the following ways:

- 1) Issue a written notice granting the request
- 2) Provide notice the requested record is available electronically via the MSHN or MSHN affiliate website (including the appropriate web addresses and/or links);
- 3) Issue a written notice denying the request
 - a. Written notice of the denial will be provided to the requester within five (5) business days, or within fifteen (15) business days if an extension is taken.
 - b. Denial notice shall include:
 - i. Full explanation of the reason(s) for the denial
 - ii. The requester's right to submit a written appeal to the Chief Executive Officer (CEO)
 - iii. The requester's right to seek judicial review.
 - iv. Notification of the right of judicial review will include notification of the right to receive attorney fees and collect damages.
 - v. Signature and designation of person responsible for the denial of the request
- 4) Grant the request in part and issue a written notice denying in part the request
- 5) Issue a notice extending the period for response to the request
 - a. Notice will indicate that due to the nature of the request, MSHN needs an additional ten (10) business days to respond for a total of no more than fifteen (15) business days.

If a request is granted, or granted in part, the FOIA Coordinator may require a good faith deposit be received for no more than half of the allowable fees associated with the request, before the public record is made available. Fees shall be limited to actual duplication, mailing and labor costs.

If a request does not sufficiently describe a public record, the FOIA Coordinator may, in lieu of issuing a Notice of Denial, seek clarification or amendment of the request by the person making the request. Any clarification or amendment will be considered a new request subject to described timelines.

MSHN shall provide reasonable facilities and opportunities for persons to examine and inspect public records during normal business hours. The FOIA Coordinator shall make record accessible in a manner that protects MSHN documents from loss, alteration, mutilation or destruction, and to prevent excessive interference with normal MSHN operations.

4. Appeal: If a request is denied or denied in part, the FOIA Coordinator will issue a Notice of Denial, which shall provide in the applicable circumstance:
- An explanation of the person’s right to submit an appeal of the denial to either the MSHN CEO, or seek judicial review in the Circuit Court; and
 - An explanation of the right to receive attorneys’ fees, costs, and disbursements as well actual or compensatory damages, and punitive damages of \$1,000, should they prevail in Circuit Court;

Applies to

- All Mid-State Health Network Staff & Board Members
- Selected MSHN Staff, as follows:
 - MSHN CMHSP Participants: Policy Only Policy and Procedure
 - Other: Sub-contract Providers

Definitions

CEO: Chief Executive Officer

FOIA: Freedom of Information Act

MSHN: Mid-State Health Network

Public Record: means a writing prepared, owned, used, in the possession of, or retained by a public body in the performance of an official function from the time it is created. For purposes of FOIA, a public record does not include protected health information or peer review records used to support competency review and credentialing. A public body cannot be compelled to create a public record that does not already exist to meet a FOIA request.
