JOINT – Scott Miles- CEO Southridge Behavioral Health	Southridge is the 5 th facility in the state. Also have OP services. Plan to open a geriatric unit in possibly late FY25 or early FY2 Southridge will be able to meet some higher medical needs than some of their other locations. More to come with on the speci services that potentially could be available. What have been CMHSP biggest challenges? • Front door denials due to acuity- Scott stated that they would like to have units specifically for higher acuity peop needing services. Reported that their agency is open to further discussion and improving their processes. Scot requested real-time feedback when this happens. • Forestview has capacity for feeding tubes • Working to make sleep apnea machines easier to use in certain rooms • Discharge planning- more time than just 24hrs and procedures for weekend/holiday discharges- coordination of cabetween hospital staff internally and also with CMHSP staff. • Communication with hospital staff is a challenge at times for CMHSP staff • Certain diagnoses may make placement more difficult for CMHSP staff • Scott can give "hardhat tours" at Southridge. Can reach out to him for more information.

JOINT – Previous Meeting Follov ups	 Network Adequacy- in today's meeting folder there is a <u>document</u> with information regarding questions asked in t last meeting. Still questions regarding the specific way the ratios were developed and where those came from. Electronic Visit Verification (EVV) Policy MMP 24-21- date postponed slightly as of 8/21/24 New CLC/UMC Meeting format- how would this work if the 2 groups have a different numbers of topics in a mont Request to hold this change. Request for a planning session for MichiCANS. 					
	Network Adequacy- Todd will do a deeper dive into the information to determine questions asked and email the group with what he finds. EVV Policy- Sarah (GIHN) will pass on the form and memo to	By Who	Todd	By When	Prior to next meeting
