JOINT – Conflict-Free Access Planning and PIHP Procurement (Standing Update)	Reviewed the content analysis of the MDHHS procurement survey responses that was done by CMHAM. The most frequent themes from the survey responses do not align with the procurement process being proposed by MDHHS.				
	Discussion about committee meeting cadence and priorities in light of procurement. MSHN is reviewing regional operations in order to reduce administrative burden for CMHs throughout FY26 and prepare for whatever changes may result from procurement. Seeking CLC/UMC feedback about meeting frequency and content. Committee members are in support of continuing monthly meetings; find value in being able to share resources and compare processes/practices with other CMH colleagues.				
	Will continue with monthly committee meeting schedule for now	By Who	N/A	By When	N/A
JOINT – Parity Survey	There is recognized appreciated for completing the parity survey data gathering. It is an available resource that has been included in the meeting folder for today. If there are questions, please reach out. No questions during the meeting.

JOINT – House Bills for Autism	HB 4739 proposes removing any age cap for coverage of Medicaid-funded services to treat Autism Spectrum Disorder. Significant implications if this bill passes. There is currently a lack of ABA providers and long wait times for services. Serious concerns about underfunding for current autism benefit; if age cap is lifted it will have potentially devastating financial implications if Medicaid capitation rates aren’t adequately adjusted. There are also concerns about ABA providers being willing to work with older adults who may have more serious behavioral challenges.				
	N/A - informational only	By Who	N/A	By When	N/A
JOINT – Intensive Habilitative Services	Discussion of new options for people with IDD. States are just now looking to pilot these services and MI is in the information gathering phase.				
	Todd will share a folder with the group for anyone who wants to review these services.	By Who	Todd	By When	As able
JOINT – Case Management Caseloads	Document in Box regarding case management size. Group discussion of various caseload sizes and information contained on the document for their respective CMHSPs.				
	Any CMHSPs that are willing to share their case sizes can be added to the document.	By Who	Any CMHSPs	By When	As able
JOINT – HCBS Provider Training Update	Draft copy of the PowerPoint that was shared with the HCBS workgroup. Virtual trainings will be provided by the State in the fall. This will be required for direct care staff prior to any services. The State has indicated full compliance by July 2026.				
	N/A- Informational	By Who	N/A	By When	N/A
JOINT-Balanced Scorecard	Will be moving to complete a mid-year and year-end report. Mid-year=through March. Year-end will be due in December. Will discuss FY26 in the future.

JOINT – Autism Plan	Reviewed the Regional Autism/ABA Plan that was approved by Operations Council in May. There were a number of recommendations in the plan that were supported/approved by CLC and UMC. A number of recommendations in the plan were strategies that would require multi-year implementation. Currently seeking committee input to revise recommended strategies in light of upcoming PIHP procurement. Recommendation to prioritize developing regional UM guidelines for amount/scope/duration of services, entrance/exit (i.e. step-down) criteria for ABA, standardized documentation, etc. Committee supports this recommendation.				
	Make changes for efficiency's sake. Don't make huge changes but start the work. Start what is practical and useful right now.	By Who		By When	
JOINT –Autism Data	5 options provided to group based on the document that Todd showed the group.				
	SHW and Central will talk internally and respond to Todd.	By Who	Central and SHW	By When	As soon as possible
