<b>JOINT – Conflict-Free Access Planning and PIHP Procurement (Standing Update)</b>	Todd stated CFAP is likely related to the procurement process upcoming. MDHHS has removed 501c3 from the bidding requirements. This likely opens the door to privatization. Conversations happening across CMHSPs, PIHP ops council, etc about what comes next. Discussion of concerns from the group- impacts of privatization, impacts on existing staff, advocacy activities. Suggestion for standardizing access, eligibility, and other service-related parts of the system in order to prepare for this change. Surprise noted about the advocates being in support of this system change.

<b>JOINT – New Draft Policy- Transition of Care</b>	Requirement from MDHHS in the contracts. This policy was developed from the TA and template that MDHHS provided. Skye will cross-reference the most recent memo sent by MDHHS regarding transitions of care.				
	If the memo is noted in the draft policy, this will move through the other councils and committees.	By Who	Skye	By When	ASAP
