10/27/2022 Agenda Item

Action Required

<p>JOINT – Home Help & CLS</p>	<p>CMHCM raised topic that some providers are no longer willing to provide Home Help services due to rate differences between HH and CLS; CLS is not supposed to be used to supplant Home Help hours however some consumers require assistance for health & safety reasons. Are other CMHSPs encountering this? CLS providers have also had audit findings and takebacks when documentation appears that services provided mirror Home Help activities. Consumers also want to transition from HSW to MiChoice. Other CMHSPs are not aware that this is occurring in their catchments</p>
	<p>None needed at this time</p> <p>By Who N/A</p> <p>By When N/A</p>
<p>JOINT - Conflict-Free Access & Planning</p>	<p>Standing Agenda Item – Monthly workgroup updates as needed. Consumer/Stakeholder listening sessions excluded many individuals who wanted to participate. The focus was strongly on individuals with I/DD with little attention given to individuals with SMI or other populations. The stated intention is to apply conflict-free processes to individuals receiving HCBS however in meetings it appears as if the processes that are being developed are planned for the entire PIHP/CMHSP system.</p>
	<p>None at this time</p> <p>By Who N/A</p> <p>By When N/A</p>
<p>JOINT - 1915 (i) SPA</p>	<p>Regional workgroup charter approved. Membership to be appointed by Operations Council members. Updates on WSA enrollment process. Developing a process where individuals are flagged if they have not utilized 1915(I) services so they can be disenrolled and removed from “potential eligible” list. CMS approved MDHHS request for 12-month extension. Go-live date is 10/1/2023</p>
	<p>None at this time</p> <p>By Who N/A</p> <p>By When N/A</p>
<p>JOINT - FY 23-24 MSHN Population Health & Integrated Care Plan</p>	<p>MSHN is currently going through its biennial review cycle. Circulating the plan to gather input and focus on areas of need within the region. The plan was shared with the group. Priorities: implement CCBHCs, BHH implementation and OHH implementation. The Medical Directors are also interested in exploring the Psychiatric Collaborative Care Model. No further discussion.</p>
	<p>Feedback requested.</p> <p>By Who CLC and UMC</p> <p>By When Before Thanksgiving</p>
<p>CLC – MDHHS Talent Pipeline Workgroup</p>	<p>Why was the focus only on social workers? Please include LPCs in the conversation. We need to be thinking outside of social workers and LPCs, but need to consider wraparound and other services as well.</p>

		By Who		By When	
CLC – MSHN Behavioral Health FY22 Q4 Quarterly Report	Shared report.				
	Nothing further.	By Who		By When	
CLC – HCBS Updates	Discussed HCBS updates. There needs to be better definition in the HCBS Provisional Meetings on terms and expectations for follow.				
	Continue to refine the HS Provisional meeting process with the state to make it faster to get meetings scheduled and outcomes and expectations documented.	By Who Todd/Kara		By When ASAP	
CLC – HCBS Involuntary Discharges	The recent policy from the state delineates discharges of residents and conditions where this occurs.				
	CLC review as needed.	By Who		By When	
CLC – Habilitation Support Waiver Slot Utilization	Addressed in quarterly report. CMHSPs should review their slot utilization. MSHN still at risk of losing slots. One additional potential contributing factor is the move from HSW to Mi Choice for some recipients.				
		By Who		By When	
CLC – Annual Charter Review and Committee Report	Complete annual committee charter review and report out on past year accomplishments, goal setting for upcoming year.				
	CLC Members to share any input, goals, and feedback.	By Who CLC		By When Within 2 weeks	

UMC – Annual Charter Review and Committee Report	Complete annual committee charter review and report out on past year accomplishments, goal setting for upcoming year. Discuss meeting format and efficiency. UMC members value shared meeting format with CLC and would also like to see more dedicated UM focus. Recommending quarterly meeting with UM report/data focus to ensure UM priorities are being addresses while still maintaining joint meetings with CLC on a regular basis. Completed annual committee report.

JOINT – Children's ICSS Advocacy	Advocate to allow appropriately qualified professionals to deploy with CMHSP team (school social workers, children’s welfare, etc). MDHHS has previously indicated this isn’t appropriate, however it could assist with providing the level of 24/7 support that MDHHS requires. Child welfare is driving the requests for 24/7 coverage so it makes sense to develop partnerships where they are part of the team and assisting with provision of mobile response.
