Agenda Item	Action Required			
JOINT – Approval of November Meeting Minutes; Additions to January Agenda	No further additions or comments. Committee members can follow up with any questions, concerns, and additional feedback via email.			
		By Who		By When
JOINT – Strategic Planning Discussion & Timeline	Discussed the SWOT analysis for strategic planning purposes. The committee offered input which was recorded in the document.			
		By Who		By When
JOINT – Ranges in Person Centered Planning Discussion	The ranges proposal was discussed. Update was provided as to MDHHS perspective on these efforts. Todd asked the committee to review and offer feedback. The document will also be shared with the PIHP UM Director group.			
		By Who		By When
JOINT – SUD Access Implementation (Standing Update)	Skye will offer updates via email.			
		By Who		By When
JOINT – Case Manager HCBS Rule Training	Kara reported on the corrective action plan that MDHHS has with CMS and the required case manager training. All CMHSP case managers will need to be trained by April 13, 2025 and then annually, as well as new hires.			
		By Who		By When
JOINT – Conflict-Free Access Planning Language in Waiver Approval Update (Standing Update)	The summary document of the CFA&P changes in the waiver applications was covered. The CEOs will also discuss at the Operations Council meeting on 1/27/2025.			
		By Who		By When

CLC – CMH Opportunity with MiABLE for FY2025	Todd shared the MiABLE resource and encouraged the CMHSPs to look into it if it is feasible.			
		By Who		By When
CLC – Healthy Transitions and cost of meds	The CMHSPs do not cover medications with GF. HT will be encouraged to help individuals complete their Medicaid application when they are at the facility. The CMHSPs have also indicated that they do not cover room and board. Room and board is not covered by Medicaid but the code should be included on the bill. CMHSPs should not cover that with General Fund.			
		By Who		By When
CLC – Crisis Professional Training and Certification	The crisis professional training is very involved. There is a concern that there is little integration-minded thinking at MDHHS as multiple intensive trainings are provided that often it is the same staff being trained and they might have been trained in DBT and so there should be consideration to how evidence-based practices and other training requirements are implemented. Also, the CMHSPs are interested in getting approved to train on crisis professionals. Their training has to be vetted and approved by MDHHS.			
		By Who		By When
CLC-Finalize FY25 Balanced Scorecard	Missed due to time.
