	1	Hillsdale Outreach	The Hillsdale outreach team distributed first aid kits with naloxone included to local businesses to reduce stigma and build community partnerships. They also connected with participants to provide overdose education, naloxone, testing strips, hygiene supplies, program information, and wound care. Staff conducted a training on naloxone administration and stigma reduction on May 1st. Training on how to access all program services was included in the presentation. Additionally, a recurring HIV and HCV testing event was set up for every 3rd Thursday. The first testing event was held on May 15th, and 6 participants received testing
