MSHN/REGIONAL MATTERS

SUD Oversight Policy Board – Bylaws

There have been no further updates to the Open Meetings Act that apply to MSHN's SUD OPB. Therefore, as indicated in my previous reports, the only legal basis for a member of a public body to participate in a meeting via telephonic or video conferencing as a member of the public body, is if that member is absent due to military duty. Senate Bill 854 proposes to add back the medical condition as a circumstance for allowing remote participation.

Mid-State Health Network is still waiting for proposed legislation to be finalized prior to presenting any changes to the bylaws. MSHN will present an amendment to the SUD OPB in accordance with Section 7.2 as follows: "These bylaws may be amended by the members of the Board acting in accordance with the voting requirements set forth in Section 4.8. The agenda of the meeting shall set forth a summary of the proposed amendment(s) at **least fourteen (14) days prior to the date of the meeting. An affirmative vote to amend the Bylaws must be approved by the Board of Directors of MSHN.** Any amendment of these bylaws must be consistent with the Michigan law, the Code and the Intergovernmental Contract.

MSHN is planning to present an overview of the SUD Oversight Policy Board Bylaws and review any proposed edits in the spring/early summer.

MSHN Provider Network Supports

The Mid-State Health Network Governing Board approved proposals for FY23 to continue supporting the provider network throughout the region. As of December 7, 2022, MSHN has provided the following:

- FY 23 10% Fee-For-Service rate increase
- The provider staffing crisis stabilization program extended through March 2023, with a total of \$1.5m in FY22 and \$801,317 to date for FY23 (application requirement submissions [located here](#))
- The [provider stabilization program](#) extended through FY23, with a total of \$2.3m in FY22
- [Direct Care Worker premium pay](#) extended through 09/30/2023
- Recovery Housing Block Grant support in FY22 of \$819,749

As a reminder, during FY 2021 the Michigan Department of Health and Human Services (MDHHS) notified Mid-State Health Network (MSHN) there would be an approximately 38% decrease to its block grant funding allocation. The decrease left MSHN in a position of having to reduce FY 21 expenses to ensure the amount did not exceed the

revised allocation total. During FY 2022, the block grant reduction plan remained in place, however MSHN was able to offer stabilization to affected providers. MSHN will continue evaluating block grant expenditures for FY 23 and may perform additional payment adjustments as funding availability is determined.

Mid-State Health Network values our relationships with our provider partners! We have designed these initiatives to support your efforts to ensure high quality, effective, and accessible services and supports across the region. Specific questions on these initiatives should be directed to the MSHN Chief Financial Officer, Leslie Thomas at leslie.thomas@midstatehealthnetwork.org.

Performance Indicator Report FY22Q3

Michigan Department of Health and Human Services (MDHHS) as part of the contract with MSHN, establishes performance indicators called the “Michigan Mission Based Performance Indicator System” also known as MMBPIS. The measures focus on areas of access, efficiency, and outcomes. CMHSPs and SUD network providers are required to collect data and report to MSHN. Only a few indicators are specific to Substance Use Disorder Treatment Providers such as:

- The percentage of new persons during the quarter receiving a face-to-face service for treatment or supports within 14 calendar days of a non-emergency request for service for persons with substance use disorders (Indicator 2e); and
- Follow-Up within 7 Days of Discharge from a Detox Unit (indicator 4b)

Indicator 2e SUD	FY20Q3	FY20Q4	FY21Q1	FY21Q2	FY21Q3	FY21Q4	FY22Q1	FY22Q2	FY22Q3
MSHN	92.59%	92.18%	86.28%	87.84%	81.29%	78.68%	74.92%	77.04%	76.05%
Statewide Average	77.51%	76.44%	74.56%	76.12%	74.56%	75.15%	71.79%	70.85%	*70.40%
# Expired Requests	52	44	81	42	237	341	387	392	409
Indicator 4b SUD	FY20Q3	FY20Q4	FY21Q1	FY21Q2	FY21Q3	FY21Q4	FY22Q1	FY22Q2	FY22Q3
MSHN	97.78%	95.73%	98.31%	96.95%	95.30%	96.15%	95.48%	99.37%	97.16%

The graph above shows MSHN exceeding statewide averages in both indicators. MSHN staff are working with individual providers to ensure continued quality improvement efforts.

For more information regarding the performance indicators, *see the link below: FY22Q3 MMBPIS SUD Summary Report.*

STATE OF MICHIGAN/STATEWIDE ACTIVITIES

FFY 2023 Annual Synar Report

The Michigan Departments of Health and Human Services, Behavioral Health and Physical Health and Aging Services Administration, Substance Use, Gambling and Epidemiology Section has prepared the FFY 2023 Annual Synar Report (ASR) to be submitted to the Substance Abuse and Mental Health Services Administration. The ASR provides the means for states to comply with the reporting provisions of the Public Health Service Act (42 U.S.C. 300x-26) and the Tobacco Regulation for the Substance Abuse Prevention and Treatment Block Grant (SABG) (45 C.F.R. 96.130 (e)).

In accordance with the tobacco regulations, states are required to provide detailed information on progress made in enforcing youth and young adult tobacco access laws (FFY 2022 Compliance Progress) and future plans to ensure compliance with the Synar requirements to reduce youth and young adult tobacco access rates (FFY

2023 Intended Use Plan). These data sets are required by 42 U.S.C. 300x-26 and will be used by the Secretary to evaluate state compliance with the statute. **The report is available at:** [Federal Fiscal Year \(FFY\) 2023 Annual Synar Report](#)

FEDERAL/NATIONAL ACTIVITIES

Substance Abuse and Mental Health Services Administration (SAMHSA)

SAMHSA is “sponsoring stipends for the next round of *Communities Talk to Prevent Alcohol and Other Drug Misuse*, an initiative that focuses on alcohol and other drug misuse that negatively affects communities and our youth. Since 2006, the initiative has provided prevention resources and stipends to thousands of community-based organizations, colleges, and universities. Starting in 2023, stipends will be available every year! As part of its “Communities Talk About” virtual learning series, on December 15, 2022, SAMHSA will host “*Communities Talk to Prevent Alcohol and Other Drug Misuse to Enhance Prevention Launching New Cycle in 2023*”, where participants will learn about the new *Communities Talk* program, prevention resources, and activities to reach audiences at a deeper level, and how they can participate and host their own *Communities Talk* activities and ask any questions they may have. *Communities Talk* activities:

- Educate communities about the consequences of alcohol and other drug misuses.
- Empower communities to use evidence-based approaches to reduce alcohol and other drug misuses.
- Mobilize communities around substance use prevention initiatives at the local, state, and national levels.”

Registration is available at <https://us06web.zoom.us/meeting/register>.

New Protections to Increase Care Coordination and Confidentiality for Patients with Substance Use Challenges

On November 28, 2022, the U.S. Health and Human Services (HHS) Department, through the Office for Civil Rights (OCR) and the Substance Abuse and Mental Health Services Administration (SAMHSA), announced proposed changes to the Confidentiality of Substance Use Disorder (SUD) Patient Records under 42 CFR part 2 (“Part 2”), which protects patient privacy and records concerning treatment related to substance use challenges from unauthorized disclosures. Specifically, today’s proposed rule increases coordination among providers in treatment for substance use challenges and increases protections for patients concerning records disclosure to avoid discrimination in treatment.

This Notice of Proposed Rulemaking (NPRM) would implement provisions of Section 3221 of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that, among other things, require HHS to bring Part 2 into greater alignment with certain aspects of the Health Insurance Portability and Accountability Act of 1996 (HIPAA) Privacy, Breach Notification, and Enforcement Rules.

Part 2 currently imposes different requirements for SUD treatment records protected by Part 2 than the HIPAA Privacy Rule, which can create barriers to information sharing by patients and among health care providers and create dual obligations and compliance challenges for regulated entities. The proposed rule outlines several important changes that can help safeguard the health and outcomes of individuals with SUD and create greater flexibility for information sharing envisioned by Congress in its passage of Section 3221 of the CARES Act.

Proposed changes include:

- Permitted use and disclosure of Part 2 records based on a single patient consent given once for all future uses and disclosures for treatment, payment, and health care operations.
- Permitted redisclosure of Part 2 records in any manner permitted by the HIPAA Privacy Rule, with certain exceptions.

- New patient rights under Part 2 to obtain an accounting of disclosures and to request restrictions on certain disclosures, as also granted by the HIPAA Privacy Rule.
- Expanded prohibitions on the use and disclosure of Part 2 records in civil, criminal, administrative, and legislative proceedings.
- New HHS enforcement authority, including the imposition of civil money penalties for violations of Part 2.
- Updated breach notification requirements to HHS and affected patients.
- Updated HIPAA Privacy Rule Notice of Privacy Practices requirements to address uses and disclosures of Part 2 records and individual rights with respect to those records.

HHS encourages all stakeholders, including patients and their families, health insurance issuers, health care providers, health care professional associations, consumer advocates, and state and local government entities, to submit comments through [regulations.gov](https://www.regulations.gov).

Public comments on the NPRM are due 60 days after publication of the NPRM in the Federal Register. The NPRM may be viewed or downloaded at: <https://www.federalregister.gov/public-inspection>.

A fact sheet may be found at: <https://www.hhs.gov/hipaa/for-professionals/regulatory-initiatives>.

OPB Operational Report December 2022

Several Clinical Team functions and activities are ongoing year-round while others are specific to requirements of that quarter's place in the fiscal year cycle or situation-specific demands prompted by new federal, state, or local mandates or regulations, shifts in epidemiological trends (e.g., COVID surges or rise in stimulant use), etc. The activities below are separated accordingly.

Prevention

- Supported distribution of \$400,000 in SOR-3 funds for SUD prevention coalition mini-grants for OEND and harm reduction activities and supplies.
- Ongoing implementation of web-based media campaign (My Life My Quit) information for youth vaping prevention with text # for quit support
- Ongoing implementation of web-based media campaign for problem gambling
- MSHN Prevention staff and some providers attended Michigan Tobacco Summit
- Completed FY22 Michigan Prevention Data System (MPDS) closeout with 24,679 Prevention and Community Recovery activities.
- Collected and reviewed FY22 Year End Reports, including outcomes reporting, for all Prevention and Community Recovery providers.
- Tobacco Retailer Coverage Study was completed in five communities in the MSHN region at the request of MDHHS.
- Placed Tobacco Vendor Education material orders for all Designated Youth Tobacco Representatives (DYTURs) in the MSHN region.
- Ongoing planning for grant projects and spending in FY23, including QPR suicide prevention training, cannabis education and gambling prevention media campaigns
- Supported technology item funding requests for 19 Prevention and Community Recovery providers
- Inter-regional coordination ongoing through Prevention Coordinators around the state
- Review of prevention providers' entries into MPDS (Michigan Prevention Data System) where prevention providers log their activities, persons served, etc.
- Provision of technical assistance and training to existing providers on best practices for prevention and on how to document those in MPDS
- Attending coalition meetings across Region 5's 21 counties.
- Continued implementation of FY21-23 SUD Strategic plan.

Treatment

- Supported 36 provider requests for \$365,000 (total) in COVID funds to assist with provider technological infrastructure for telehealth services. Funds were provided to prevention, treatment, and recovery providers.
- RFP released for Isabella and Montcalm counties for ASAM Levels of Care for residential (3.1, 3.3, 3.5, 3.7) and outpatient (1.0, 2.1, & MAT) services. Proposals due to MSHN by 12-16-2022.
- Implementation of Opioid Health Home in Region 5 at Victory Clinical Services – Saginaw. Currently have 50 individuals enrolled and growing daily.

- Utilized grant funds to support Narcan Vending Machines in Tuscola, Ionia, Jackson, Gratiot, and Ingham counties. Additional Narcan Vending Machines proposed for Eaton County, and 2 additional in Ingham County.
- Implemented process to distribute Fentanyl Test Strips, Hepatitis C tests, and HIV tests to MAT providers in the region. Process will be evaluated after quarter 1 for broader regional availability.
- Planning and coordination of training opportunities for SUD provider network. Supported FASD (72 participants attended) and EMDR (60 participants attended) training. Participants who completed the EMDR training successfully also received a copy of the EMDR manual from MSHN with use of grant funds.
- Utilized grant funds to support SUD provider network participation in the National Stimulant Summit (19 participants) and MCBAP- CCS supervisor training (10 participants).
- Evaluation of jail-based SUD services, including MAT, and options for funding out of available fund sources.
- Assisted with QAPI site reviews for 3 providers.
- Monitoring and assisting providers with ASAM Designation process with MDHHS which is now part of the MiCAL system online.
- Conducted pre-contract site review and implementation of Ten-16 – Standish location in Arenac County. Supporting ASAM 0.5 and 1.0 outpatient services on Monday’s and Wednesdays.
- Monitoring of Public Health Emergency (PHE) unwind with MDHHS to support providers and individuals in services with guidance.
- Ongoing support of technical assistance needs with SUD treatment providers.
- Continued Treatment Team attendance at prevention community coalition meetings.
- Ongoing support of treatment providers’ strategies to stay open and viable during COVID with telemedicine, etc.
- Ongoing evaluation of opportunities to expand services for specialty populations of older adults, adolescents, veterans and military families.
- Ongoing monitoring of progress for FY21-23 SUD Strategic Plan
- Coordinate and facilitate regional ROSC meetings, regional MAT workgroup meetings, regional WSS workgroup meetings, regional WM/residential workgroup, and new outpatient provider meetings

Additional Activities in October-December:

- Supported creation of MSHN’s internal IDEA (Inclusion, Diversity, Equity & Access) workgroup
- Ongoing coordination with statewide SUDS Directors
- CCO and Director of UM/CI facilitated ongoing REACH meetings
- Ongoing coordination between CCO and DEI Director of Michigan Primary Care Association (MPCA) for all-staff DEI training in December
- Ongoing meetings with Michigan Health Endowment Fund and Saginaw’s Women of Colors (WOC) on Phase II grant to reduce disparities in follow-up for treatment after an Emergency Room visit for SUD issue
- Working on lecture series in 2023 related to the opioid epidemic and reducing health disparities
- MCU redeployment to harm reduction – still in process
- Oversight and coordination of SUD prevention and treatment teams and all activities listed above
- Support of Project ASSERT expansion in Saginaw and Jackson
- Support of harm reduction efforts in Newaygo with Red Project

Substance Use Disorder (SUD) Clinical Team
Narrative Report
FY22: Quarter 4 Months: July – September 2022

PREVENTION GOALS	RESULTS & PROGRESS
Reduce Underage Drinking	34 programs with multiple activities provided parent and community education/information across the region this quarter. Three different social norming campaigns were conducted and over 20+ events held. Eleven vendor education session took place with quarter. Four alcohol compliance checks were completed also. Four driver education programs also addressed underage alcohol use. 30 evidence-based programs are in use with over 100+ groups using those EBPs.
Reduce prescription and over-the-counter drug abuse, including opiates	24 evidence-based programs are in use with multiple groups/activities occurring using those EBPs. 14 Peer Assisted Leadership groups focus on marijuana misuse also as well as 29 student assistance programs with multiple activities during this quarter. 300+ programs address AOD issues (most are Nurturing Parents groups/ activities). Three social norming campaigns across the entire region (all address AOD with inclusive focus on other drugs; anti-stigma).
Reduce prescription and over-the-counter drug abuse, including opiates	22 programs with multiple activities provide education/information on opioid misuse: prescription drug awareness, etc. 40+ programs with multiple groups/activities provide recovery support/education in this quarter. Three social media campaigns addressing opioid education were conducted during this period.
Reduce youth access to tobacco	9 programs with multiple activities provide education/information on tobacco and OEND misuse conducted for parents and community members. 22 programs with multiple activities provided to youth across the entire region during this period. 6 vendor education sessions were completed this quarter as well as 9 non-formal SYNAR checks conducted.
Reduce Substance Use in Older Adults	3 programs (2 groups in Huron County – groups held in Shiawassee and Saginaw counties also) with over 50+ activities. The focus is on increasing awareness and providing education on opioid misuse and the intersection of alcohol misuse with prescription drug misuse. Ten drug disposal events were conducted this quarter.

TREATMENT GOALS	RESULTS & PROGRESS
<p>Increase women’s specialty service programs</p>	<p>In quarter 4, Addiction Solutions Counseling Center and Mindful Therapy both submitted their closure of contract request. They have both stated staffing shortages as part of the reason for this change. As staffing continues to be problematic, all of our SUD providers are struggling. On another note, in FY22 MSHN added three new designated and/or enhanced WSS providers. MSHN continues to work to increase and enhance these services in order to offer this needed care for those who seek services.</p>
<p>Increase array of medication assisted treatment programs</p>	<p>During Q4, MSHN met with Lifeways CMH to discuss possible new MAT programming that would serve Jackson and Hillsdale counties. This discussion is ongoing. MSHN also posted a Request for Information in Quarter 4 for Montcalm County in hopes of attracting a new provider for Medication Assisted Treatment in that county. A Request for Proposals will be issued and reviewed in FY23. Wedgwood has put in notice of closure of their Ionia County MAT services, including their drop-in center.</p>
<p>Increase engagement, retention & completion of treatment</p>	<p>Please see numbers below.</p>
<p>Increase inter-agency collaboration of service delivery</p>	<p>MSHN continues to work with providers to deliver services that include inter-agency collaboration and connections. To that end, MSHN is working with the provider network to add a section in the MSHN Website to include a list of contacts for each agency in order to ensure that requests for ASAM Continuum assessments are received and forwarded to the appropriate provider that has requested the information. This is an ongoing initiative and should show up on the website in early FY23. MSHN continues to require coordination of care and referrals be made for any additional needs a client may have. A presentation/training on Coordination of Care is being developed by MSHN staff to assist providers. This will be completed and training will begin in FY23.</p>

Catch My Breath

- ▶ CATCH My Breath is a peer-reviewed, evidence-based youth vaping prevention program developed by The University of Texas Health Science Center at Houston (UTHealth) School of Public Health.
- ▶ The program provides up-to-date information to teachers, parents, and health professionals to equip students with the knowledge and skills they need to make informed decisions about the use of e-cigarettes, including JUUL and disposable devices.
- ▶ CATCH My Breath utilizes a peer-led teaching approach and meets National and State Health Education Standards.

7

INDEPTH

- ▶ The American Lung Association's INDEPTH® (Intervention for Nicotine Dependence: Education, Prevention, Tobacco and Health) program is an alternative to suspension or citation program that is offered as an option to students who face suspension for violation of school tobacco use policies.

8

N-O-T On Tobacco

- ▶ N-O-T is a research-based program taught by a trained and certified adult in ten, 50-minute sessions.
- ▶ The easy-to-use method helps teens quit by addressing total health in order to develop and maintain positive behaviors.
- ▶ Participants will talk about the importance of physical activity, nutrition, enhancing their sense of self-control, and improving life skills such as stress management, decision making, coping and interpersonal skills.
- ▶ Additionally, they will learn to identify their reasons for smoking or vaping, healthy alternatives to tobacco use and finding people who will support them in their efforts to quit.

9

My Life My Quit Media Campaign

- ▶ Funding from COVID Block Grant
- ▶ Convened regional workgroup to determine need
- ▶ Running through March 2022 to February 2023
- ▶ Uses Geofencing and Targeted Display Ads
- ▶ Funding from the Tobacco Section at MDHHS to offer additional impressions during June 2022 as well as posters and quit line cards
