REPORT OF THE MSHN DEPUTY DIRECTOR TO THE MSHN SUBSTANCE USE DISORDER OVERSIGHT POLICY BOARD (SUD OPB)

June/July

MSHN/REGIONAL MATTERS

Substance Use Disorder (SUD) Oversight Policy Board (OPB) Bylaws Update

On July 1, 2025, the MSHN Board of Directors approved the revised SUD OPB Bylaws as presented and reviewed by the SUD Oversight Policy Board. After Board Chair signature, the executed copy will be distributed via email to all SUD OPB members.

MSHN appreciates the board's review and edits to ensure compliance with updated regulations and the addition of alternates.

Michigan Department of Health and Human Services Prepaid Inpatient Health Plan (PIHP) Procurement Update

The PIHP procurement request for proposal (RFP) was released late Monday, August 4, 2025, that included multiple documents. The press release was announced on August 5, 2025 (see below under State of Michigan/Statewide Activities).

MSHN's Leadership team is in the process of reviewing it, along with the Community Mental Health Service Provider (CMHSP) Chief Executive Officers (CEOs). The Community Mental Health Association of Michigan (CMHAM) has also scheduled a meeting for a state-wide review inclusive of PIHPs and CMHSPs.

At first glance, it looks hopeful that a public body/governmental entity will be able to bid, and capital funds/transfer will be provided. However, it still includes changes as originally presented to governance, delegation, and accreditation.

Governance changes include:

- A. The Board must be comprised of no more than 15 voting members.
- B. A minimum of one-third (1/3) of its Governing Body must be individuals with lived experience in Michigan's specialty behavioral health system.
 - a. One of the individuals must include a family member of a youth receiving services through Michigan's public specialty BH system.
- C. Network Providers may hold no more than one-third (1/3) of the seats of the governing body, and board must:
 - a. Exclude any Network Providers that have ownership in the Contractor entity
 - b. Ensure members do not have any control, influence, or decision-making authority in establishment of the regional PIHP Provider Networks.

The timeframe includes two pre-bid conferences to address Rate Setting and General Bidder questions, scheduled for August 11, 2025. The proposal deadline is September 29, 2025.

MSHN will have more information prepared to present to the SUD OPB members during the August 20, 2025, meeting, inclusive of any changes directly related to SUD Oversight Policy Boards and related PA2/Liquor tax funds.

MSHN SUD Site Visit Results

Michigan Department of Health and Human Services (MDHHS) conducted a virtual staff site visit with Mid-State Health Network on July 1, 2025, related to the State Opioid Response (SOR) funds. The purpose of the SOR Year 1 site visit was to verify that Mid-State Health Network's SOR grant activities and services for opioid use disorder (OUD) are following federal and state requirements to support prevention, treatment, and recovery activities.

MSHN was found to be in substantial compliance with the Substance Abuse and Mental Health Services Administration's Funding Opportunity Announcements and the Michigan Department of Health and Human Services Contract.

Congratulations to MSHN SUD Clinical Team and Administration for an outstanding review! The MDHHS Site Review letter is attached for SUD OPB member's information.

REMINDER - 26th Annual Substance Use and Co-Occurring Disorder Hybrid Conference

The 26th Annual Substance Use and Co-Occurring Disorder Conference will be hybrid this year and take place on September 7-9, 2025. The in-person option will take place at the Grand Traverse Resort. MSHN sponsors board members to participate and provides reimbursement for travel related costs. SUD Oversight Policy Board members interested in attending should contact me or Sherry Kletke.

REMINDER – Board Annual Disclosure of Ownership, Controlling Interest, and Criminal Convictions DUE

MSHN is contractually responsible for monitoring ownership and control interests within its provider network and disclosing criminal convictions of any staff member, director, or manager of MSHN, any individual with beneficial ownership of five percent or more, or an individual with an employment, consulting, or other arrangement with MSHN. Therefore, the Oversight Policy Board must complete an annual disclosure statement that ensures MSHN's compliance with the contractual and federal regulations to obtain, maintain, disclose, and furnish required information about ownership and control interests, business transactions, and criminal convictions.

Included in the Board Members' folders is the disclosure form required to be filled out, signed, and returned for those members that have not completed the form yet. If OPB Members have questions about the disclosure form or need assistance completing the form, please feel free to reach out to Sherry Kletke or myself.

STATE OF MICHIGAN/STATEWIDE ACTIVITIES

MDHHS Seeking Proposals to Improve Specialty Behavioral Health Care for Medicaid Beneficiaries

On August 5, 2025, the Michigan Department of Health and Human Services (MDHHS) distributed a press release seeking proposals from entities to serve as the state's Prepaid Inpatient Health Plans (PIHP) to ensure Medicaid beneficiaries receive behavioral health care services and support.

Michigan's specialty behavioral health care system provides health care coverage to approximately 300,000 Michiganders, including adults with serious mental illness, children with serious emotional disturbance, individuals with substance use disorder and individuals with intellectual and developmental disabilities. MDHHS contracts with regional PIHPs to manage and deliver these Medicaid-covered services in conjunction with the Community Mental Health Service providers embedded in the communities across the state.

"Michigan Medicaid beneficiaries deserve access to behavioral health care services when and where they need them," said Elizabeth Hertel, MDHHS director. "A competitive procurement process for the state's Prepaid Inpatient Health Plan contracts will help create a more accessible and person-centered system of care dedicated to ensuring Michigan residents a healthier future."

PIHPs are responsible for making sure people receive the behavioral health care services and support they need and managing the network of behavioral health care providers including Community Mental Health Service Providers (CMHSPs). They play a vital role in helping the department achieve its mission to improve the health, safety and prosperity of residents.

Through a competitive procurement process, MDHHS will select PIHPs to contract with the state to provide managed care functions for the specialty behavioral health care services. The PIHP must contract with CMHSPs to provide a comprehensive array of mental health services as required by the Mental Health Code.

Feedback MDHHS received from Medicaid beneficiaries and their families, advocacy groups, community-based organizations, federally recognized tribal governments, health care providers and others [via an online survey helped inform the request for proposal \(RFP\)](#). MDHHS received more than 2,600 responses representing a variety of individuals and partners across Michigan.

MDHHS remains committed to transparency and preserving the public foundation that has long anchored behavioral health care in the state. As such:

- PIHPs will be required to adhere to the standards set forth in the Open Meetings Act and the Freedom of Information Act.
- The RFP is limited to nonprofit organizations and additional consideration will be provided to public entities to support public value and encourage collaborative governance.
- A minimum of one-third of the PIHP's governing body must be individuals with lived experience in Michigan's specialty behavioral health system elevating the voice of individuals and families served.

The Michigan Department of Technology, Management & Budget (DTMB) is managing the RFP process on behalf of MDHHS. The PIHP RFP is posted on [SIGMA Vendor-Self Service system](#) online. To bid on proposals, all vendors must first be registered with SIGMA Vendor Self-Service. Registration is free, and information on how to register and obtain an account to bid on open solicitations is available online: [DTMB – How to Register as a Vendor](#).

Interested bidders are encouraged to refer to the proposal instructions for additional information regarding questions, submittal and deadlines. Responses from bidders are due Monday, Sept. 29, 2025. Bidders may submit written questions by emailing the solicitation manager by Wednesday, Aug. 20, 2025. DTMB will post answers to bidder questions on the SIGMA system by Friday, Aug. 29, 2025.

Additional information about Michigan's Specialty Behavioral Health Services can be found at Michigan.gov/BehavioralHealth.

Citizens Research Council Report – BIG BEAUTIFUL BILL July 2025

Citizens Research Council (CRC) issued a report dated July 2025 addressing Michigan's budget implications from the federal One Big Beautiful Bill Act (OBBBA). According to the report, Michigan will need to reduce expenditures beginning in FY26 by approximately **\$1.1 billion**. This adjustment reflects the anticipated increase in state spending resulting from the **One Big Beautiful Bill Act (OBBBA)**, which expands state cost-sharing for **Medicaid and SNAP, loss of provider tax dollars, and business and corporate tax adjustments**. The CRC projects that this will increase STATE safety net program spending by over **\$1 billion by FY 2032**. The report can found at [CITIZENS RESEARCH COUNCIL REPORT BIG BEAUTIFUL BILL JULY 2025.pdf](#).

FEDERAL/NATIONAL ACTIVITIES

Health and Human Services /U.S. Food and Drug Administration (FDA)

The FDA will soon require prescription opioid manufacturers to include stronger language on the medications' labels warning that higher doses and longer-term use carry risks including overdose and death. The action, announced July 31, comes nearly three months after a pair of FDA advisory committees met to discuss the results of two post-market studies of opioids that attempted to quantify the risks of long-term opioid use. The agency is also encouraging providers to use immediate-release opioid products when possible, and switching to extended-release products like OxyContin "only for severe and persistent pain that cannot be adequately treated with alternative options." Notably, the FDA's new labeling standards require drugmakers to include warnings that rapidly reducing doses or discontinuing opioid treatment altogether risks withdrawal symptoms, pain, and even suicide.

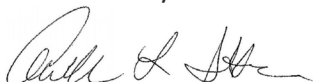

The FDA announcement is available at <https://www.fda.gov/news-events/press-announcements/fda-requires-major-changes-opioid-pain-medication-labeling-emphasize-risks>.

The Department of Justice Administration

The Attorney General on July 29, 2025, issued a memorandum to all Federal agencies entitled GUIDANCE FOR RECIPIENTS OF FEDERAL FUNDING REGARDING UNLAWFUL DISCRIMINATION. "This guidance clarifies the application of federal antidiscrimination laws to programs or initiatives that may involve discriminatory practices, including those labeled as Diversity, Equity, and Inclusion ("DEI") programs. Entities receiving federal funds, like all other entities subject to federal antidiscrimination laws, must ensure that their programs and activities comply with federal law and do not discriminate on the basis of race, color, national origin, sex, religion, or other protected characteristics-no matter the program's labels, objectives, or intentions. In furtherance of that requirement, this guidance identifies "Best Practices" as non-binding suggestions to help entities comply with federal antidiscrimination laws and avoid legal pitfalls; these are not mandatory requirements but rather practical recommendations to minimize the risk of violations."

The memorandum is available at <https://www.justice.gov/ag/media/1409486/dl>.

Danielle Hicks, Evaluation Project Director

The purpose of the SOR 4 Year 1 site visit was to verify that Mid-State Health Network's SOR grant activities and services for opioid use disorder (OUD) are following federal and state requirements to support prevention, treatment, and recovery activities.

SOR REQUIREMENTS

Prepaid Inpatient Health Plans (PIHPs) must utilize funds within programs for individuals with an OUD to fulfill federal and state funding requirements. SOR funds are distributed to increase the availability of prevention, treatment and recovery services designed for individuals with an OUD.

July 14, 2025

SITE VISIT FINDINGS

After careful consideration and review of the requirements and documentation submitted, we have determined that Mid-State Health Network is in substantial compliance with the Substance Abuse and Mental Health Services Administration's Funding Opportunity Announcements and the Michigan Department of Health and Human Services Contract.

Currently, Mid-State Health Network has all the necessary tools in place to manage, maintain and report on the SOR activities and data from their provider network. Their providers will screen individuals to assess their needs and provide or make referrals for interventions as needed for individuals with an OUD.

We greatly appreciate Mid-State Health Network's preparation for the site visit and their commitment to provide our staff with the necessary documentation.

If you have any further questions, please contact Logan O'Neil at ONeill@michigan.gov.

Surplus/(Deficit) by Funding Source - Please Note: A surplus or deficit listed above only relates to SUD. MSHN uses the amounts above in conjunction with behavioral health surpluses and deficits to determine a regional total. MSHN then applies MDHHS's set formula to calculate the portion of surplus dollars we can retain.

OPB Operational Report August 2025

Several Clinical Team functions and activities are ongoing year-round while others are specific to requirements of that quarter's place in the fiscal year cycle or situation-specific demands prompted by new federal, state, or local mandates or regulations, shifts in epidemiological trends, etc. The activities below are separated accordingly.

Prevention

- Problem Gambling Prevention media campaign continues through September. The campaign consists of two 15-second videos that will be shown as "pre-roll" connected to videos watched on popular websites.
- Completed workplans for FY26 objectives
- Had internal meetings with finance and other departments on FY26 provider budget requests
- Worked with the SUD Clinical Team and Red Head to make final edits and submit the anti-stigma/recovery media campaign to MDHHS for approval.
- DYTURs concluded Synar compliance checks. The MSHN region had 77 compliance checks throughout 19 of our counties this year. Out of 75 eligible vendors, 14 of them sold. This is a 18.67% Retailer Violation Rate. We should know the state's overall rate in a few months.
- Continued completing FY25 Desk Audits with Prevention and Community Recovery Providers
- Continued working with coalitions and providers to offer technical assistance for harm reduction activities, while encouraging engagement with county Opioid Settlement committees
- Held June Quarterly SUD Provider meeting including the Prevention and Community Recovery breakout
- Continued participation in the MDHHS Older Adult Prevention workgroup
- Inter-regional coordination ongoing through Prevention Coordinators around the state
- Review of prevention providers' entries into MPDS (Michigan Prevention Data System) where prevention providers log their activities, persons served, etc.
- Provision of technical assistance and training to existing providers on best practices for prevention and on how to document those in MPDS/tracking sheets
- Attending coalition meetings across Region 5's 21 counties
- Continued implementation of FY24-26 SUD Strategic Plan

Treatment

- MSHN Treatment Team Staffing Update: the temporary part-time administrative position has ended. The Treatment Team remains fully staffed.
- FY26 cost reimbursement budgets were reviewed in June 2025.
- Supported implementation of residential program with Bear River Health in Mt. Pleasant at the end of June 2025. Program is supporting residential ASAM levels of care for 3.1, 3.3, and 3.5.
- Coordinated the opportunity for in-region SUD providers to request evidence-based practice materials to support people in services. Orders were placed, and providers have received their approved materials.
- Monitoring of MSHN roll out of Opioid Settlement Funds allocated to PIHPs from MDHHS for FY25 continues. OSF project monitoring and reporting can be found on the MSHN website at this link: [Opioid Settlement Transparency & Accountability](#)
- Provided feedback to MDHHS for the revised withdrawal management policy that has been updated with ASAM Criteria 4 information during public comment period.

- Ongoing participation in planning for upcoming anti-stigma media campaign and discussions with media team from Redhead Studio. Campaign is live as of August 1, 2025 and can be viewed here: [Celebrating Strength.](#)
- Supported review and evaluation of new provider applications for SUD services for the MSHN region.
- Supported quarterly SUD Provider Meeting on Thursday, 6-26-25 from 12-2p. Next meeting is scheduled for 9-18-25 from 12-2p.
- Participation in the MDHHS 1115 Reentry Initiative Implementor Advisory Group to support planning for services for incarcerated settings (ie. MDOC, County Jails, and Juvenile Detention Facilities).
- Planning for ASAM Criteria 4th Edition revisions and roll out in Region 5. ASAM Criteria 4 trainings have been completed for the year with 192 provider staff attending.
- Implementation of MDHHS Recovery Incentive Pilot for FY25. Lifeways began their pilot in July 2025 with five individuals. FSCA is completing their readiness review process with hopes of implementation in August 2025.
- Coordinate and support monthly Lunch & Learn series to support SUD provider network in calendar year 2025 with sessions provided by SUD Clinical, Utilization Management, Access, QAPI, Finance, Quality, Customer Service & Recipient Rights, and Veteran Navigator. Schedule, topics, and links to sessions available in the weekly constant contact newsletter. Sessions that were recorded can also be found on the MSHN website: [Lunch and Learn Series.](#)
- Ongoing support of Equity Upstream Learning Collaborative partners with DEI action plan implementation and monitoring in FY25.
- Continued support for value-based pilot for Project ASSERT with two regional providers.
- MSHN has a total of **515 beneficiaries enrolled** in 6 SUD Health Home locations. MSHN supported an RFP for providers interested in joining the SUD-Health Home for Region 5 in FY25. Three agencies/sites were selected: LifeWays CMH (Jackson and Hillsdale counties), Recovery Pathways (Corunna), and Sacred Heart (Saginaw and Bay City). Thus, adding five SUDHH provider locations and serving two new counties (Hillsdale & Shiawassee) within the MSHN region. The new SUDHH providers are working through the certification process and starting to enroll/provide SUDHH services to beneficiaries. Currently the SUD Health Home locations in the MSHN region have the following enrolled in services:
 - VCS – Saginaw: 197
 - VCS – Jackson: 112
 - VCS – Lansing: 92
 - Recovery Pathways – Bay City: 51
 - MidMichigan Community Health Services: 33
 - Isabella Citizens for Health – Mt. Pleasant: 6
 - Recovery Pathways – Corunna: 24
- Participation and support for internal IDEA workgroup for DEI initiatives.
- Ongoing support of technical assistance needs with SUD treatment providers.
- Continued Treatment Team attendance at prevention community coalition meetings.
- Ongoing evaluation of opportunities to expand services for specialty populations of older adults, adolescents, veterans, and military families.
- Coordinate and facilitate regional workgroups for Recovery, ROSC (Northwest, South, & East), Outpatient/MAT, WSS, and WM/residential.

Additional Activities June – August:

- MSHN's Chief Clinical Officer (Dr. Meier) has been appointed to the Governor's [Mental Health Diversion Council](#) which is charged with reducing the number of people with mental illness or intellectual or developmental disabilities (including comorbid substance addiction) from entering the corrections system, while maintaining public safety. Among the starkest historical examples of policy that prioritized incarceration over diversion for behavioral health issues was the War on Drugs' criminalization of illicit drug use which is almost always comorbid with various levels of mental illness. Dani will be bringing this focus to the MHDC when meetings resume next month.
- Ongoing leadership and coordination with statewide SUDS Directors. Consensus-building has become more complicated in context of PIHP disruptions despite our being SUD subject matter experts whose collective voices matter (e.g., in responding to state and federal changes that are harmful). Two SUD Directors have resigned since we last met in a sign of growing uncertainty in our system.
- The Dorothy Johnson Center (GVSU) has received Q3 reports for MSHN's pilot Learning Collaborative's activities and progress.
- In the absence of any concrete information, the SUD Clinical Team continues to mine implications of the procurement process on our operations in FY26. One example of changes already unfolding is LifeWays, the CMH for Jackson & Hillsdale counties, ending its prevention contract with MSHN due to possible changes in how SUD prevention will be managed in a post-procurement world.
- Federal actions—legislation and Executive Orders—continue to pull back from established best practices for highly vulnerable Americans living with SUD and/or mental illness. For example, the July 24th Executive Order [Ending Crime and Disorder on America's Streets](#) conflates mental illness and homelessness with crime and disorder and retreats from evidence-based practices with proven success like harm reduction, housing first principles (i.e., coupling affordable housing with voluntary SUD/behavioral health services), and recommends incarceration and/or involuntary institutionalization of the mentally ill. MSHN continues to resist these retrogressive actions and other attempts to backslide on longstanding successes, which have been most diminished in their efficacy by chronic underfunding.
- After a year and a half in development, MSHN's [CelebratingStrength.com](#) media campaign went live on August 1. It focuses on reducing SUD stigma, a known barrier to PWUD accessing services, in Region 5 communities where overdose death rates are highest. Concurrent to this website will be radio spots will be on local radio stations, billboards, and video spots on streaming platforms like Hulu, Roku, etc. This initiative's goal is to help facilitate a paradigm shift among PWUD (people who use drugs), their families, churches, neighborhoods and beyond. For every individual who misuses alcohol or other drugs but *overcomes* stigma and initiates treatment, an upstream diversion process has begun. The longer they stay in treatment, the greater their prospects of sustained recovery and the likelihood of illegal activity diminishes. Examples of posters are below.

Narrative Report
FY25-Q3
April - June 2025

PREVENTION GOALS	RESULTS & PROGRESS
Reduce Underage Drinking	During Q3 of FY25 Botvin Life Skills and Prime for Life curriculum were delivered to area schools with 3,213 total attendees throughout 630 sessions. These programs were completed in Saginaw, Newago, Shiawassee, Ingham, and Jackson counties.
Reduce prescription and over-the-counter drug abuse, including opiates	During Q3 of FY25 there were 1,506 evidence-based activities utilizing the education strategy code completed. This includes Project Success, Too Good for Drugs, Above the Influence, Botvin, It's All About Being a Teen, 24/7 Dad, and Prime for Life. This quarter PRC's and Peer related activity totaled 405 activities with 1,164 attendees. Narcan training courses continue this quarter with 2 individuals in Shiawassee County.
Reduce youth access to tobacco	Tobacco-related activity this quarter totaled 242 attendees during 2,214 activities. This includes Synar activity; MRL updates, Vendor Education, Non-Synar and official Synar checks. Also included are education activities such as Not on Tobacco and Catch My Breath.
Reduce Substance Use in Older Adults	MSHN continues to host bimonthly Older Adult Wellness workgroup meetings and participation at the MDHHS Older Adult Wellness workgroup continued this quarter. 29 Older Adult Education activities with 184 attendees took place in Saginaw County this quarter.

TREATMENT GOALS	RESULTS & PROGRESS
Increase women's specialty service programs	To promote successful recovery for women MSHN continues to work with all providers to add new WSS designations or sites. To ensure Region 5 is staffed with properly trained individuals on the topics of trauma, gender-specific needs, and substance use disorder for women in treatment for SUD and their children, MSHN has shared opportunities for trainings with providers, including: Improving Patient Engagement in Cervical Cancer Prevention; Considerations for Male Clinicians Treating Women w/SUD; Insights into Indigenous Birthing Experiences and more. MSHN has advocated to ensure children in WSS are being referred to increase the number of children receiving primary pediatric care, including immunizations. MSHN is in the process of rebooting the WSS Task Team in Q3.
Increase array of medication assisted treatment programs	MSHN Treatment Team is in the process and has completed pre-contract review to add a new mobile MOUD provider who will be able to support this service in some of our more rural areas. Areas that continue to be evaluated and prioritized for implementation include counties with none or limited-service providers for SUD outpatient services and MAT/MOUD supports.
Expand Stimulant Use Disorder Treatment	MSHN Treatment Team continues implementation of the MDHHS Recovery Incentive Pilot for FY25. MDHHS chose Lifeways – Jackson as the phase 1 provider. LifeWays began implementation July 7, 2025, beginning with 5 participants. Lifeways reports that things are going well. FSCA completed their cohort training in May and has submitted their readiness review. MSHN and Altarum met with FSCA on July 2, 2025, to resolve any unanswered questions. MSHN team is currently reviewing the final document and will request a start date from MDHHS when completed.

	<p>Additionally, MSHN has SUD Health Home locations for the region in the following counties: Isabella, Bay, Saginaw, Jackson, and Ingham counties. The SUD Health Homes will be expanding to new locations in FY25 in Saginaw, Bay, Jackson, Hillsdale, and Shiawassee counties. The MSHN SUDHH current has 512 beneficiaries enrolled across the region.</p>
Expand Jail Based Services	<p>MSHN currently supports 16 of 21 county jails with SUD provider services around the region.</p> <p>Through SOR funding we have providers continuing to offer services within the jails. We have three providers (CATS, Recovery Pathways, and Samaritas) utilizing SOR. Those providers are continuing to try and find new and inventive ways to expand the services being offered within the jail. During Q3, there were 180 individuals served in the SOR jail-based programs.</p> <p>Additionally, LIST Psychological is utilizing the MSHN OSF opportunity to expand jail services they are providing as well. This includes group therapy and funding to support medications for MAT/MOUD.</p> <p>MDHHS is currently planning for implementation of the Michigan Re-entry Initiative which allows community-based transition services to be supported by Medicaid funds for up to 90-days prior to release within incarcerated settings (ie. Prisons, jails, juvenile justice settings). Implementation is planned for FY26 with Juvenile Justice facilities being prioritized first.</p>
Expand Trauma Informed Care	<p>MSHN supports a Trauma Informed System of Care Policy.</p> <p>In Q3, the SUD Treatment Team supported annual plan meetings with all of our providers which included review and updates to providers trauma informed organizational surveys and annual goals.</p>

Expand penetration rates for adolescents, older adults, and veterans/military families.	<p>MDHHS is currently planning for implementation of the Michigan Re-entry Initiative which allows community-based transition services to be supported by Medicaid funds for up to 90-days prior to release within incarcerated settings (ie. Prisons, jails, juvenile justice settings). Implementation is planned for FY26 with Juvenile Justice facilities being prioritized first.</p> <p>MSHN continues to look for opportunities to expand services for specialty populations. During the FY26 annual plans, the MSHN Treatment Team asked all providers about their interests in supporting services for adolescents, and the team is following up with providers who expressed an interest.</p>
