4/25/2024 Agenda Item	Action Required				
JOINT – Approval of February Minutes; Additions to Agenda	March Meeting Minutes 2024-03 | Powered by Box				
	No new items from members for the meeting.	By Who	N/A	By When	N/A
JOINT – Autism Data Project	MDHHS got rid of the WSA for Autism about a year ago. Joe Wager and Ron Meyer present in the meeting to discuss this data. Currently, MSHN is gathering monthly data (located in meeting folder). Requires a lot of manual work to keep this updated. PowerBI has a report to provide this information. This has not been a requirement from the State but each CMHSP lead was supportive of continued collection of this data. MSHN would like to move this process forward that does not require as much manual process. MSHN would like to create a template for the reporting items so that the information can be pulled from the CMHSP systems and uploaded into REMI. Unsure how this process will work as MSHN has not discussed this process with PCE yet. Looking at options for the information to be pulled in to REMI automatically or uploaded by the CMHSP, or building a report in each PCE system for CMHSPs can utilize.				
	Next steps: Joe Wager will discuss this with MSHN Project Manager at PCE. Then Joe will come back to this group to discuss options. This will also be discussed in the IT Council.	By Who	Joe/MSHN	By When	Next meeting
JOINT – MiCAS Reports	MDHHS Code Chart for reference. Report in Box for review.				
	Please take a look at the data, if you feel any of the data is off reach out to Todd and MSHN will take a look.	By Who	All	By When	N/A
JOINT – BTP/HCBS Discussion	MDHHS is likely to get more and more strict on these requirements- Medicaid Provider Manual on pg 854 of the current manual online. Renee Raushi reported State said edits are coming for the manual, the FAQ document, as well as other items.				
	MSHN will continue advocating with MDHHS.	By Who	N/A	By When	N/A
JOINT – MSHN Guidance/Interpretation	To use MSHN as the next step in answering certain policy questions and interpreting guidance that have been going to the state instead. While going to the state is okay, it could be reinforcing the state becoming more prescriptive in how they are dealing with the PIHPs and CMHSPs, leading to a greater struggle to implement policy due to not allowing the PIHPs and CMHSPs to determine how they will meet a requirement.

JOINT— ICCW Memo	Memo provided guidance that was previously available. Possibly to explain intensive case management. Possibly changing the code for these services. Possibly moving all wraparound to ICCW- separating this from the SED waiver. Meeting is scheduled with MDHHS for questions regarding this memo.				
	Childrens Services Administrative Forum and MDHHS attends a portion each month. They will attend an extended portion per our request to discuss and answer questions about ICCW on May 10. Gwenda is collecting questions and she can report back to CLC.	By Who	All	By When	
JOINT— New Neuropsychiatric Hospital	Date opening in June 2024 in Kalamazoo. Lifeways might be in discussions with them. CEI, Newaygo, Shiawassee, and CMHCM expressed some concerns with the Indiana sites for this provider.

JOINT – Adolescent IOP Program	MyMichigan Hospital intensive outpatient program that could be an alternative to partial hospitalization. Potential for them to complete intensive family work in this program. MyMichigan could be reaching out to certain CMHSPs (based on locations) for letters of support.				
	Slides for this program located in meeting folder in Box. If you are interested in this program or to provide a letter of support, contact Julie Bayardo.	By Who	Any	By When	N/A
