Purpose

The Mid-State Health Network (MSHN) Compliance Investigation Procedure defines the process by which reports involving suspected fraud, waste and abuse and wrongdoing shall be investigated, documented, and resolved.

Procedure

The following process will be followed in accordance with the MSHN Compliance Plan: Reporting and Investigation section.

I. Investigation Process

- Participant Community Mental Health Services Programs (CMHSPs) and Substance Use Disorder (SUD) providers will report suspected compliance issues within ten business days of discovery to the MSHN Compliance Officer (CO) when there is suspected fraud or abuse.
- Within five business days of receiving a report, the MSHN CO shall provide a written acknowledgment of receipt to the individual making the report (if known) and conduct an initial assessment to determine whether the report has merit and warrants further investigation.
- If it is determined that the matter does not constitute a violation of any applicable laws or regulations and warrants no further action, the issue will be closed following the appropriate documentation and reporting by the MSHN CO.
- If it is determined that the matter does not constitute a violation of any applicable laws or regulations but does identify an area for improvement or raises concern for potential future violations, the matter will be referred to the appropriate MSHN Council/Committee or staff person for any needed follow up action if appropriate.
- If it is determined that the matter requires further investigation, the MSHN CO will first review the information and assess if reporting to the MDHHS OIG should take place. The MSHN CO shall take the necessary steps to assure that documents or other evidence are not altered or destroyed through the following means, as applicable:
 - Suspending normal record/document destruction procedures;
 - Taking control of the files of individuals suspected of wrongdoing;
 - Limiting access of files, computers, and other sources of documents by individuals suspected of wrongdoing; and/or
 - Taking additional action as necessary to ensure the integrity of the investigation that could include temporary suspension, or temporary re-assignment of duties, of involved individuals.
- If the MSHN CO concludes that reporting to a government agency (CMS, OIG, and/or Attorney General) or a third party may be appropriate, the MSHN CO shall report to the government agency(s) within three business days following the determination of the need to report. The MDHHS OIG Fraud Referral Form will be used for reporting. If necessary, the appropriate CMHSP Participant/SUD Provider Compliance Officer will be notified.
- No further investigation shall occur until the MSHN CO has confirmed with the MDHHS OIG to proceed. However, appropriate steps shall be taken to ensure consumer safety.
- Once confirmation from the MDHHS OIG is obtained, the MSHN CO shall provide direction to the appropriate staff and/or provider(s) based on the guidance/direction given by the MDHHS OIG.

- If MDHHS OIG confirmation is not obtained and/or MDHHS OIG instructs MSHN to not conduct any further investigation, the MSHN CO shall document the MDHHS OIG communication and follow up with the MDHHS OIG within thirty (30) days to obtain an update on the case.

II. Resolution Process

- Following the investigation, the MSHN CO will document and report a summary of the findings to the MSHN Corporate Compliance Committee. In cases where actions of the MSHN CEO are investigated, the report of findings is made to the Executive Committee of the MSHN Board of Directors.
- If the occurrence involved a MSHN employee, disciplinary action will be taken in accordance with MSHN's policies and procedures and Personnel Manual.
- If the occurrence involved a CMHSP/SUD Provider, the CMHSP/SUD Provider shall submit a remedial action plan to address any confirmed violations or address areas of concerns raised during the investigation.

III. Documentation Process
