Mid-State Health Network SUD Oversight Policy Advisory Board

Wednesday, June 26, 2024, 4:00 p.m.
CMH Association of Michigan (CMHAM)
507 S. Grand Ave
Lansing, MI 48933

Meeting Minutes

1. Call to Order

Chairperson Steve Glaser called the MSHN SUD Regional Oversight Policy Board (OPB) of Directors Meeting to order at 4:00 p.m. Mr. Glaser reminded members participating virtually may not participate in or vote on matters before the board.

Board Member(s) Present: Lori Burke (Shiawassee), Irene Cahill (Ingham), Bruce Caswell (Hillsdale), Steve Glaser (Midland), John Hunter (Tuscola), Bryan Kolk (Newaygo), John Kroneck (Montcalm), Jim Moreno (Isabella), Justin Peters (Bay), Jerrilynn Strong (Mecosta), Kim Thalison (Eaton), Dwight Washington (Clinton)-joined at 4:12 p.m., and Ed Woods (Jackson)

Board Member(s) Remote: George Gilmore (Clare), Christina Harrington (Saginaw), and Charlean Hemminger (Ionia)

Board Member(s) Absent: Lisa Ashley (Gladwin), Nichole Badour (Gratiot), Robert Luce (Arenac), Joe Murphy (Huron), and David Turner (Osceola)

Alternate Members Present: Simar Pawar (Ingham)-joined at 4:13 p.m., and Susan Svetcos (Gladwin)

Staff Members Present: Amanda Ittner (Deputy Director), Leslie Thomas (Chief Financial Officer), Dr. Dani Meier (Chief Clinical Officer), Dr. Trisha Thrush (Director of Substance Use Disorder Services and Operations); and Sherry Kletke (Executive Support Specialist)

Staff Members Remote: Sarah Surna (Prevention Specialist), Sarah Andreotti (SUD Prevention Administrator), Kate Flavin (Treatment Specialist), and Sherrie Donnelly (Treatment and Recovery Specialist), Kari Gulvas (Prevention Specialist), and Rebecca Emmenecker (Treatment Specialist)

Members of the Public Remote: Dr. Maroney; Recovery Pathways

MINUTES ARE CONSIDERED DRAFT UNTIL BOARD APPROVED

2. Oversight Policy Board Member Ten Year Service Recognition

Ms. Amanda Ittner presented Mr. John Hunter with a plaque in recognition of his 10 years of service on the board.

3. Roll Call

Ms. Sherry Kletke provided the Roll Call for Board Attendance and informed the Board Chair, Steve Glaser, that a quorum was present for Board meeting business.

4. Approval of Agenda for June 26, 2024

Board approval was requested for the Agenda of the June 26, 2024 Regular Business Meeting, as presented.

MOTION BY BRUCE CASWELL, SUPPORTED BY JIM MORENO, FOR APPROVAL OF THE JUNE 26, 2024 REGULAR BUSINESS MEETING AGENDA, AS PRESENTED. MOTION CARRIED: 13-0.

5. Approval of Minutes from the April 17, 2024 Regular Business Meeting

Board approval was requested for the draft meeting minutes of the April 17, 2024 Regular Business Meeting.

MOTION BY BRYAN KOLK, SUPPORTED BY JIM MORENO, FOR APPROVAL OF THE MINUTES OF THE APRIL 17, 2024 MEETING, AS PRESENTED. MOTION CARRIED: 13-0.

6. Public Comment

There was no public comment.

7. Board Chair Report

Chairperson Steve Glaser introduced Susan Svetcos, the alternate member recently appointed from Gladwin County.

8. Deputy Director Report

Ms. Amanda Ittner provided an overview of the written report included in the board meeting packet, and available on the MSHN website, highlighting:

Regional Matters:

- Substance Use Disorder (SUD) Oversight Policy Board (OPB) Intergovernmental Agreement
- Substance Use Disorder (SUD) Oversight Policy Board (OPB) – Term Renewals
- FY2023 Substance Use, State Opioid Response (SOR) Site Review Results
- 25th Annual Substance Use and Co-Occurring Disorder Hybrid Conference
- Annual Disclosure of Ownership, Controlling Interest, and Criminal Convictions

MINUTES ARE CONSIDERED DRAFT UNTIL BOARD APPROVED

- Provider Network Adequacy Assessment (NAA) – FY23

State of Michigan/Statewide Activities

- Public Meetings – House Bill 5725

9. Chief Financial Officer Report

Ms. Leslie Thomas provided an overview of the financial reports included in board meeting packets:

- FY2024 PA2 Funding and Expenditures by County
- FY2024 PA2 Use of Funds by County and Provider
- FY2024 Substance Use Disorder (SUD) Financial Summary Report as of April 2024

10. FY24 Substance Use Disorder PA2 Contract Listing

Ms. Leslie Thomas reported there were no contracts needing approval at this time.

11. SUD Operating Update

Dr. Dani Meier provided an overview of the written SUD Operations Report included in the board meeting packet, highlighting the below.

- FY25 Prevention & Community Recovery Annual Plan and budget reviews
- 94 people attended the annual MSHN Prevention conference held May 7-8, 2024
- Planning and Coordination of monthly Lunch & Learn topics

12. Other Business

There was no other business.

13. Public Comment

A member of the public raised questions about eligibility for PA2 funding. The matter was referred to administration for follow-up.

14. Board Member Comment

There were no board member comments.

15. Adjournment

Chairperson Steve Glaser adjourned the MSHN SUD Oversight Policy Advisory Board Meeting at 4:43 p.m.

*Meeting minutes submitted respectfully by:
MSHN Executive Support Specialist*

TO THE MSHN SUBSTANCE USE DISORDER OVERSIGHT POLICY BOARD
(SUD OPB)**

June/July

MSHN/REGIONAL MATTERS

REMINDER - 25th Annual Substance Use and Co-Occurring Disorder Hybrid Conference

The 25th Annual Substance Use and Co-Occurring Disorder Conference will be hybrid this year and take place on September 16-17, 2024. The in-person option will take place at the Suburban Collection Showplace, 46100 Grand River Ave., Novi, MI 48374. MSHN sponsors board members to participate and provides reimbursement for travel related costs. SUD Oversight Policy Board members interested in attending should contact me or Sherry Kletke, Executive Support Specialist.

REMINDER – Board Annual Disclosure of Ownership, Controlling Interest, and Criminal Convictions DUE

MSHN is contractually responsible for monitoring ownership and control interests within its provider network and disclosing criminal convictions of any staff member, director, or manager of MSHN, any individual with beneficial ownership of five percent or more, or an individual with an employment, consulting, or other arrangement with MSHN. Therefore, the Oversight Policy Board must complete an annual disclosure statement that ensures MSHNs compliance with the contractual and federal regulations to obtain, maintain, disclose, and furnish required information about ownership and control interests, business transactions, and criminal convictions. If OPB Members have questions about the disclosures or need assistance completing the form, please feel free to reach out to Sherry or myself.

Provider Updates:

Sterling Area Health Center

MSHN administration met with Sterling Area Health Center (SAHC) on July 24, 2024, to discuss ongoing programming for prevention services. After consultation, it was decided to not renew the contract for FY25. Sterling Area Health Center and MSHN will work to close out the year and transition these services to Ten16 as the new fiduciary for Arenac's SUD prevention coalition October 1, 2024. The response below from SAHC; *"We respect and support the decision to part ways. SAHC will continue to support community and school-based prevention activities."*

Recovery Pathways Follow Up

MSHN administration followed up with Recovery Pathways to ensure a mutual understanding of requesting, approving and allocating funding for Block Grant and PA2 county funds managed by Mid-State Health Network. I've included the communication below. Recovery Pathways indicated an understanding and provided a few

recommendations to improve public transparency that the MSHN team will be working to provide. The communication is included below for board member awareness.

“Medication Assisted Treatment/Medication for Opioid Use Disorder (MAT/MOUD) is an outpatient treatment service covered by Medicaid, Healthy Michigan and Block Grant (SABG). This is true for the overwhelming majority of treatment services in our fee-for-service environment. PA2 funding is less abundant even in larger counties and is used primarily to fund county-specific *prevention and recovery* services which cannot be covered by Medicaid or Healthy Michigan.

PA2 funds are county-specific and must be spent/utilized in the counties in which they originate. Every provider included in that summary is a prevention or recovery provider supporting programming activities *within* the county identified.”

STATE OF MICHIGAN/STATEWIDE ACTIVITIES

Michigan Department of Health and Human Services (MDHHS) Director Hertel visits Detroit Recovery Project to discuss nearly \$300 million in FY 2025 budget to address substance use disorder (SUD)

MDHHS Director Elizabeth Hertel joined with other health and community leaders at the Detroit Recovery Project (DRP) to discuss how key budget investments are addressing substance use disorder (SUD) and the opioid crisis in Michigan. The roundtable discussion focused on the FY 2025 Budget, which includes nearly \$300 million in SUD funding comprised of \$190 million of federal funding, \$58 million in general funding and \$48.2 million in appropriated settlement funding.

“The FY 2025 budget addresses substance use disorder and includes funding for primary prevention, harm reduction, treatment and recovery support,” said Elizabeth Hertel, director. “These initiatives support evidence-based programming to address and reduce harm associated with the opioid crisis, and benefit thousands of impacted Michigan families.”

The FY 2025 budget makes significant investments to help address SUD, including:

- Neighborhood Wellness Centers: \$500,000
- Naloxone portal: \$2,432,300
- Syringe service program operations: \$3,511,250
- Transportation for treatment: \$2,500,000
- Expanding capacity to treat OUD and SUD through the Medicaid Recovery Incentives Pilot: \$2,000,000
- Programs for families engaged with Children’s Services Administration: \$2,108,750
- Medication OUD and SUD programs and technical assistance for jails: \$2,250,000
- Expansion of recovery support services: \$5,880,000
- Funding for tribes: \$2,000,000

DRP has served the Detroit community since 2005 with a whole health approach to substance use prevention, treatment and recovery. A Certified Community Behavioral Health Clinic, DRP provides outpatient recovery support services for those with substance use and co-occurring mental health disorders. They treat the whole person through integrated programs of primary medical and behavioral health care.

DRP receives funding from MDHHS for all four pillars of MDHHS’s overdose response strategy. Opioid settlement funds, as well as other funds administered by MDHHS, fund services at DRP including transportation for medical appointments and SUD treatment. Settlement funds support the essential harm reduction/prevention work and

naloxone access in Detroit by DRP, which reaches more Black Michiganders than any other organization. DRP also has a full-time nurse practitioner as part of their outreach efforts to help with wound care.

Michigan is slated to receive nearly \$1.6 billion from national opioid settlements by 2040, with half being distributed to the State of Michigan Opioid Healing and Recovery Fund and the other half being distributed directly to county, city and township governments. MDHHS has developed a proposed Opioid Settlement Spend Plan for FY 2025 funding that has been driven by data, including the Opioid Settlement Prioritization Survey 2021–22, as well as ongoing programming needs and gaps due to federal funding restrictions.

FEDERAL/NATIONAL ACTIVITIES

A Look at Medicaid and CHIP Eligibility, Enrollment, and Renewal Policies During the Unwinding of Continuous Enrollment and Beyond

The Kaiser Family Foundation (KFF) on this date has published a report entitled *A Look at Medicaid and CHIP Eligibility, Enrollment, and Renewal Policies During the Unwinding of Continuous Enrollment and Beyond*. “The 22nd annual survey of state Medicaid and CHIP programs officials conducted by KFF and the Georgetown University Center for Children and Families in March 2024 presents a snapshot of actions states have taken to improve systems, processes, and communications during the unwinding, as well as key state Medicaid eligibility, enrollment, and renewal policies and procedures in place as of May 2024. The report focuses on policies for children, pregnant individuals, parents, and other non-elderly adults whose eligibility is based on Modified Adjusted Gross Income (MAGI) financial eligibility rules (information on policies for populations that qualify for Medicaid on the basis of age or disability—non-MAGI populations—is captured in a separate brief). Overall, 49 states and the District of Columbia responded to the survey, although response rates for specific questions varied (Florida was the only state that did not respond). For purposes of this report, the District of Columbia is counted as a state.

Key Takeaways

- *All states report taking action to improve automated, also known as ex parte, renewal rates during the unwinding and plan to continue these strategies post unwinding.* Forty-two states adopted 1902(e)(14)(A) waiver flexibilities to increase ex parte renewal rates for MAGI populations, while 39 states improved system rules and 22 states expanded the number of data sources they use to conduct ex parte reviews. In addition, 34 states process ex parte renewals on a mostly automated basis, which required system upgrades in some states. CMS has extended the 1902(e)(14)(A) waivers through June 2025.
- *All states made changes to simplify or streamline the renewal process and they want to keep many of the changes in place after the unwinding period ends.* In addition to improving ex parte processes, some states also made more targeted changes to revise renewal notices (22 states), simplify the renewal form (10 states), and extend the time to respond to renewal notices (7 states) that should make it easier for enrollees to complete the renewal process in the future.
- *States cite outreach to enrollees and engagement of health plans and community groups among the strategies that improved unwinding outcomes.* States boosted direct outreach to enrollees through multiple modes, including text, email, and automated calls, and 37 states plan to maintain the enhanced outreach post unwinding. Additionally, over two-thirds (34) of states expect to continue engaging health plans and/or community-based organizations in the renewal process.
- *Several states are taking steps to improve coverage for children and pregnancy, including by increasing eligibility levels, providing continuous eligibility, and eliminating premiums for children’s coverage.* In 2024, two states increased eligibility levels for children and/or pregnancy coverage and eight states extended coverage to

certain immigrant children and/or pregnant individuals, and three states did both. Eighteen states have eligibility levels above the median for both children (255% FPL) and pregnancy (210% FPL).

As the unwinding comes to an end, there is a lot to learn from state experiences during the past year. States made numerous policy and systems changes to improve the renewal process and they plan to maintain many of those changes. Additionally, the Eligibility and Enrollment final rule CMS issued earlier this year simplifies many eligibility and enrollment processes for Medicaid and CHIP by eliminating certain enrollment barriers in CHIP; facilitating transitions between coverage programs; and aligning enrollment and renewal requirements for most individuals in Medicaid. It makes some temporary policy changes permanent and will require additional changes over the next 36 months.”

The entire report is available at <https://www.kff.org/medicaid/report/a-look-at-medicaid-and-chip-eligibility-enrollment-and-renewal-policies-during-the-unwinding-of-continuous-enrollment-and-beyond/>

Substance Abuse and Mental Health Services Administration (SAMHSA)

Researchers from SAMHSA, National Institutes of Health (NIH’s) National Institute on Drug Abuse (NIDA), Centers for Medicare and Medicaid Services (CMS), and Centers for Disease Control (CDC) found that among a cohort of 137,000 Medicare beneficiaries who experienced a nonfatal overdose in 2020, almost 24,000 (17.4%) experienced a subsequent nonfatal overdose, and about 1,300 (1%) died from overdose in the following year. Results were published on June 17, 2024, in JAMA Internal Medicine, identifying both effective interventions and significant gaps in care.

The article in JAMA is available at <https://jamanetwork.com/journals/jamainternalmedicine>.

SAMHSA Grant Opportunities

SAMHSA has released a funding opportunity entitled *Community-Based Maternal Behavioral Health Services Program* (SM-24-013).

Application Due Date: August 26

Description: The purpose of this program is to improve access to evidence-based, timely, and culturally relevant maternal mental health and substance use (behavioral health) intervention and treatment by strengthening community referral pathways. Recipients will be expected to collaborate with pregnancy and postpartum healthcare organizations, refer individuals in need of behavioral health care to the appropriate entities, and provide short-term mental health and substance use services to individuals who cannot access care.

Eligibility: Eligible applicants are State, local, Tribal, and territorial governments, Tribal organizations, nonprofit community-based entities, and primary care and behavioral health organizations to address community behavioral health needs worsened by the COVID-19 public health emergency.

Funding Mechanism: Cooperative Agreement

Anticipated Total Available Funding: \$15,000,000

Anticipated Number of Awards: 6

Anticipated Award Amount: \$500,000 per year

Length of Project: Up to 5 years

Additional information is available at <https://www.samhsa.gov/grants/grant-announcements>.

SAMHSA has published a cooperative agreement opportunity entitled *Syndemic Approach to Preventing HIV and Substance Use Among Racial and Ethnic Minority Communities* (SP-24-004).

Application Due Date: August 28, 2024

Description: The purpose of the SAP program is to advance equity in health outcomes for racial and ethnic minority communities, especially all Black female identities, including cisgender, transgender, nonbinary, and genderqueer/fluid individuals in the South who are experiencing disparities related to HIV/AIDS, viral hepatitis (VH), sexually transmitted infections (STIs), substance use and substance use disorders (SUDs), and/or mental health conditions.

Eligibility: Eligible applicants are States and Territories (Guam, the Commonwealth of Puerto Rico, the Northern Mariana Islands, the Virgin Islands, American Samoa, the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau), including the District of Columbia, political subdivisions of States, Indian tribes, or tribal organizations (as such terms are defined in section 5304 of title 25), health facilities, or programs operated by or in accordance with a contract or award with the Indian Health Service, or other public or private non-profit entities.

Funding Mechanism: Cooperative Agreement

Anticipated Total Available Funding: \$1,600,000

Anticipated Number of Awards: 4

Anticipated Award Amount: Up to \$400,000 per year

Length of Project: Up to 3 years

Additional information is available at <https://www.samhsa.gov/grants/grant-announcements>.

Surplus / (Deficit)	2,358,518.77			
Surplus / (Deficit) by Funding Source				
Block Grant	-			
SOR Grants	-			
Medicaid	2,175,649.51			
Healthy Michigan	182,869.26			
PA2	-			
Totals	2,358,518.77			

Actual revenue greater than budgeted revenue

Actual expenses greater than budgeted expenses

Surplus/(Deficit) by Funding Source - Please Note: A surplus or deficit listed above only relates to SUD. MSHN uses the amounts above in conjunction with behavioral health surpluses and deficits to determine a regional total. MSHN then applies MDHHS's set formula to calculate the portion of surplus dollars we can retain.

*New Provider / Renewal Contract:

New Provider could also indicate that provider did not receive PA2 funds from the identified county in FY2024

"Grants" refers to Community Grant, State Opioid Response and ARPA Grants

Coalition does not review annual plans and budgets. Coalition reviews new providers only.

OPB Operational Report August 2024

Several Clinical Team functions and activities are ongoing year-round while others are specific to requirements of that quarter's place in the fiscal year cycle or situation-specific demands prompted by new federal, state, or local mandates or regulations, shifts in epidemiological trends (e.g., COVID surges or rise in stimulant use), etc. The activities below are separated accordingly.

Prevention

- Hired Cari Patrick as a Prevention Specialist to join the team upon the retirement of Kari Gulvas. Kari's last day with MSHN was August 2, 2024. She has been with MSHN since 2015.
- Participation in PIHP Reciprocity workgroup for developing SUD Prevention & Community Recovery site review tools to be standard across the PIHPs for all providers.
- Continued our streaming TV commercial media campaign for problem gambling. The video will run through the end of September.
- Our streaming TV commercial media campaign with an anti-stigma/recovery message will run from June-August.
- Worked with New Jersey Prevention Network to set up a Train the Trainer opportunity for Prevention and Community Recovery providers to learn to implement the Wellness Initiative for Senior Education (WISE) program to build programming for the Older Adult (55+) population.
- The MSHN region had 72 Synar (Youth Tobacco Act) compliance checks completed throughout 18 of our counties this year. 8 sales were made, resulting in a retailer violation rate (RVR) of 13.89%, which is slightly lower than the previous year. The state's overall RVR needs to be below 20% to ensure our full federal Block Grant funding for SUD services. The state has not released the overall RVR at this time.
- Two MSHN Prevention staff and many provider staff attended the first Michigan SUD Prevention Coalition Conference in July.
- Continued working with coalitions and providers to offer guidance and technical assistance in the SOR OEND Mini Grant activities and expenditures.
- Continued participation in MDHHS workgroup for Prevention requirement planning after the CAIT (Prevention) license is discontinued by LARA at an undetermined date in the near future
- Continued participation in the MDHHS Older Adult Prevention workgroup.
- Inter-regional coordination ongoing through Prevention Coordinators around the state.
- Review of prevention providers' entries into MPDS (Michigan Prevention Data System) where prevention providers log their activities, persons served, etc.
- Provision of technical assistance and training to existing providers on best practices for prevention and on how to document those in MPDS
- Attending coalition meetings across Region 5's 21 counties.
- Continued implementation of FY24-26 SUD Strategic Plan.

Treatment

- Supported \$170,000 in evidence-based materials requests from SUD provider network with grant funds. Materials were ordered by MSHN and shipped directly to provider locations.
- Added a new Treatment Administrator position to the SUD Clinical Team. Kate Flavin has been promoted to this position from a Treatment Specialist. We will be hiring to fill the treatment specialist position in the next few months.
- Participated in 2-part Cultural Humility Training for Equity Upstream – Learning Collaborative on July 15 and 22 with Dr. Crystalee Crain.
- Completed budget reviews and recommendations for SUD provider network for FY25.
- Planning and implementation of new MSHN Access Team to support screening and level of care determinations for individuals seeking SUD withdrawal management, residential, and recovery housing for the region in FY25.
- Supported quarterly SUD MDHHS EGRAMs reporting.
- Participation in MDHHS ASAM Criteria 4th Edition Workgroup to update treatment policies and ASAM designations to new/revised standards. Attended ASAM Evolution Training (virtual) on 7/8/24 to support this process with MDHHS.
- Planning for ASAM Criteria 4th Edition revisions and roll out in Region 5, including ASAM Criteria trainings for SUD providers in FY25.
- Planning for implementation of MDHHS Recovery Incentive Pilot for FY25. MDHHS has chosen Lifeways – Jackson as the phase 1 provider for the MSHN region.
- Supporting providers with technical assistance related to the LARA SUD Administrative Rules that went into effect on 6/26/2023. TA specifically focused on the Limited Certified Counselor, and assessment and treatment planning requirements within 24 hours for withdrawal management, residential, and MAT items continues.
- Implementation of a monthly Lunch & Learn series to support SUD provider network in FY24 with sessions provided by SUD Clinical, Utilization Management, QAPI, Quality, Customer Service & Recipient Rights, and Veteran Navigator. Schedule, topics, and links to sessions available in the weekly constant contact newsletter.
- Support Equity Upstream Learning Collaborative partners with review of DEI action plans and budgets to support activities in FY24 and FY25.
- Continued support for development of withdrawal management and residential levels of care with Bear River Health in Isabella County as the approved provider from WM/Residential RFP during FY23. Mt. Pleasant residential location has an anticipated implementation of October/November 2024.
- Continued support for value-based pilot for Project ASSERT with two regional providers and exploration of possible future VBP initiatives for FY25.
- MSHN has expanded the Opioid Health Home (OHH) resources in region 5 to include Victory Clinical Services in Jackson (Jackson County) and Lansing (Ingham County), along with Recovery Pathways in Essexville (Bay County). Currently the OHH locations have the following enrolled in services: 1) VCS – Saginaw: 200, 2) VCS – Jackson: 30, 3) VCS – Lansing: 0 (working on WSA system access for implementation), 4) Recovery Pathways – Essexville: 15. MSHN is also working with two FQHCs to support OHH services for the region as well.
- Harm Reduction Vending Machines currently approved for Arenac, Bay, Eaton, Hillsdale, Ingham, Tuscola, Ionia, Jackson, and Gratiot counties with SOR-3 grant funds. Please note, more harm reduction vending machines are available in region 5 through the SUD Prevention Coalition requests and through other fund sources as well.
- Planning and coordination of training opportunities for SUD provider network for fall of FY24 and into FY25. A Seeking Safety training is planned for August 27, 2024 with the EBP creator Lisa Najavit's

(virtual). The SUD Clinical Team will also be utilizing grant funds to support SUD providers attendance at the fall MDHHS SUD & Co-occurring conference again in FY24.

- Participation and support for internal IDEA workgroup for DEI initiatives.
- Ongoing support of technical assistance needs with SUD treatment providers.
- Continued Treatment Team attendance at prevention community coalition meetings.
- Ongoing evaluation of opportunities to expand services for specialty populations of older adults, adolescents, veterans, and military families.
- Coordinate and facilitate regional Recovery workgroup, ROSC meetings, regional MAT workgroup meetings, regional WSS workgroup meetings, regional WM/residential workgroup, and Outpatient workgroup meetings.

Additional Activities in June - August:

- Oversight and coordination of SUD prevention and treatment teams and all activities listed above.
- Ongoing coordination with statewide SUDS Directors & development of consensus as SUD content experts, e.g., opioid settlement fund support and direction to counties, etc.
- Ongoing support for provider best practices like group size in residential settings, etc.
- MSHN's *Equity Upstream's* Learning Collaborative (LC) includes 8 MSHN-contracted providers and multiple levels of care (residential, outpatient, MAT/methadone providers), recovery housing, a peer-led community recovery organization and a police dept. doing post-overdose community-based outreach. Each has developed action plans to reduce overdose deaths in the communities they serve.
- GVSU's Dorothy Johnson Center has done evaluations of all the LC action plans and has done individual agency-specific TA to finalize action plans in July and August for FY25 launch.
- MSHN has received three proposals in response to an RFQ (Request for Quotes) to develop a media campaign to address stigma that's specific to SUD in communities where overdose death rates are highest. MSHN is in the process of reviewing the proposals for FY25 launch. MSHN intends to seek partners from among the other 9 PIHP regions in sharing the cost of this campaign.

Substance Use Disorder (SUD)
 Clinical Team
 Narrative Report
 FY24
 Quarter: 3

PREVENTION GOALS	RESULTS & PROGRESS
Reduce underage drinking	Multiple agencies/providers offered 164 activities promoting parent and community education/information on alcohol use/misuse this quarter. More than 24 evidence-based programs provide education to students/youth with hundreds of activities held this period. No TIPS training for alcohol retailers were offered this period. Prevention Coordinators across the region participate in MCRUD (Michigan Coalition to Reduce Underage Drinking) focused issues as well as local Alcohol Policy Issues workgroups/sub-committees. Jackson County conducted MOST social norming campaign this quarter.
Reduce underage cannabis use	Preventionists across the region presented 19 education/information sessions on cannabis misuse/risks in this quarter. Peer Assisted Leadership (PAL) activities were held in Bay and Arenac counties which included education on cannabis misuse also as well as 321 student assistance groups with multiple ATOD activities (individual and group-based serving youth from middle school through collegiate level). Several Prevention Coordinators across the region continue to participate in the MYCAEA (Michigan Youth Cannabis Action and Education Alliance) and at least three counties (Bay, Clinton, Jackson) have developed local cannabis workgroups/sub-committees addressing local issues and concerns as part of their prevention or community coalitions.
Reduce prescription and over-the-counter drug misuse, including opioids	Prevention providers and coalitions continue to expend awarded requests for \$1 million in SOR funds to continue OEND and harm reduction activities/supplies in late January. 47 naloxone/Narcan presentations were provided in the community this period. Hundreds of activities were held to provide opioid education and peer recovery support/education (this included groups, individual activities, and community events). Multiple coalitions/prevention staff sit on local community task forces addressing opioid/harm reduction issues or host opioid/harm reduction task

Substance Use Disorder (SUD)
 Clinical Team
 Narrative Report
 FY24
 Quarter: 3

	<p>forces/workgroups for the communities they live in. Several of those committees are working on establishing Narcan vending machines (or harm reduction materials) in their communities.</p>
<p>Reduce youth access to tobacco</p>	<p>40 groups (147 activities) provided educational and informational activities including sessions of NOT (Not on Tobacco), Catch My Breath, and INDEPTH. Vaping sessions continue to be very popular with schools/students/staff and parent groups. Many coalitions offer tobacco sub-committees and workgroups such as Tobacco Free Gratiot or CSAP Nicotine Sub-committee for community members and parents. 34 activities of vendor education occurred across at least 8 counties this period and both formal Synar and non-Synar checks were conducted this quarter as assigned.</p>
<p>Increase access to prevention services for adults ages 55+</p>	<p>PEARLS (Program to Encourage Active Rewarding Lives for Seniors) continues this quarter in two different venues in Shiawassee County this period. 46 seniors completed PEARLS programming. The third meeting of MSHN Older Adult Workgroup was held in May – topics included reviewing current available data; identifying local resources and eligible evidence-based programming (WISE). This workgroup is hosting WISE training for the fourth quarter. The workgroup also continues brainstorming ideas for meeting the goal of increasing access to prevention services for seniors across MSHN region.</p>

Substance Use Disorder (SUD)
 Clinical Team
 Narrative Report
 FY24
 Quarter: 3

TREATMENT and RECOVERY GOALS	RESULTS & PROGRESS
<p>Increase access to treatment and re-entry treatment for criminal justice involved population returning to communities.</p>	<p>The MSHN region currently has SUD providers who are supporting SUD outpatient services (some with MAT) in 13 of the county jails. One provider is currently in discussions with Arenac and Tuscola County jails to determine if there is an opportunity to support individuals in those jails as well.</p> <p>MDHHS public comment is currently open for the Section 1115 Reentry Services Demonstration which would provide Medicaid funding to support individuals within incarcerated settings with community re-entry services the 90 days prior to release. Public comments can be submitted on at: 1115 Reentry Services Demonstration (michigan.gov). MDHHS is planning for a 10/1/24 submission and, if approved, an FY26 (10/1/25) implementation. This demonstration would include prisons, jails, and juvenile justice involved facilities.</p>
<p>Increase access to OUD treatment and harm reduction for persons living with Opioid Use Disorder.</p>	<p>Three new opioid health homes (OHH's) have implemented services within the MSHN region. The OHH's are as follows: Victory Clinical Services - Jackson; Victory Clinical Services - Lansing; and Recovery Pathways - Bay City. OHH's provide comprehensive care management, referrals for care, and coordination of services for individuals experiencing opioid use disorder (OUD). Participation in the OHH is voluntary by the individual. The OHH offers the inclusion</p>

Substance Use Disorder (SUD)
 Clinical Team
 Narrative Report
 FY24
 Quarter: 3

	<p>of doctors, nurses, peer recovery coaches and case managers to assist in coordinating care and offering health care to improve the overall wellness of the individual.</p> <p>MSHN continued to support harm reduction in Quarter 3 for the region by utilizing grant funds to purchase items such as harm reduction vending machines and supplies and materials (i.e. fentanyl test strips, xylazine test strips, wound care kits, gloves, etc.) within the region. MSHN regional providers continued to support their OEND mini-grant activities (MSHN approved almost \$900,000 to contracted SUD providers in FY24 to support OEND activities) which has included harm reduction events and campaigns.</p>
<p>Increase access to behavioral health and primary care services for persons at-risk for and with mental health and substance use disorders.</p>	<p>MSHN continues to support the ASAM Continuum Assessment, as required by MDHHS for all contracted providers offering substance use disorder and co-occurring services. This is a standardized and comprehensive assessment that helps to identify individuals that have a co-occurring diagnosis. It is a requirement that SUD providers address mental health disorders as appropriate; either offering co-occurring capable services or referring the individual out for care (providing the individual wishes to work on those issues). By assessing for mental health needs at the onset of services, there is a higher likelihood of the individual receiving care for that disorder.</p> <p>The implementation of three additional OHH locations also supports this goal with having medical staff as a program requirement to assist with addressing and connecting people to primary care as needing and addressing social determinants or health (SDOH).</p>

Substance Use Disorder (SUD)
Clinical Team
Narrative Report
FY24
Quarter: 3

<p>Increase access to trauma responsive services.</p>	<p>Stephanie Covington presented a Healing Trauma training in-person at the Kellogg Center on May 7-8, 2024. This training was attended by 171 individuals and was given excellent reviews by those who attended. Attendees were provided with a facilitator guide and workbooks to help them be able to support the training material into practice and increase trauma responsive services across the region and beyond. This training was open to both in/out of region SUD providers and CMHSPs.</p>
<p>Reduction in percentage of substance exposed births/infants with WSS/NAS/FAS.</p>	<p>The newly created Children’s Needs Assessment tool has been distributed to all contracted SUD providers as of FY24. There is a FASD screening tool that is attached to this needs assessment that will help to identify infants who have been exposed to alcohol during the pregnancy. Each mother is also assessed for any use during her pregnancy to identify substance-exposed births/infants. MSHN requires that a needs assessment be completed for each child at intake by contracted SUD Treatment providers.</p>
<p>Increase access to treatment services for older adults 55 and older.</p>	<p>Individuals who meet the Marriage and Family Therapist (MFT) or Mental Health Counselor (MHC, includes LPCs) eligibility requirements established in the final rule of the CY 2004 Medicare Physician Fee Schedule are now able to enroll in Medicare. An older adult workgroup has been formed in the MSHN region to discuss the current senior services available in individual communities and what services are being utilized.</p>
<p>Increase in supporting coordinated strategies to support recovery.</p>	<p>MSHN is currently participating in a 24 - week Recovery Incentives Pilot through MDHHS to support the implementation of Contingency Management as a Medicaid eligible service in the State of Michigan. The RI Pilot will provide Medicaid eligible individuals who are</p>

Substance Use Disorder (SUD)
 Clinical Team
 Narrative Report
 FY24
 Quarter: 3

	<p>struggling with Stimulant Use Disorder and/or Opioid Use Disorder with an incentive for negative UDS and attendance at treatment services. The pilot supports an annual incentive amount up to \$599 which is in line with CM fidelity, versus the federally approved \$75/annual cap with the SOR grant. The RI Pilot is a 2-year demonstration and will end 9/30/2026.</p> <p>MSHN continues to support peer recovery coaches in all levels of care for SUD services. In FY24, MSHN is utilizing grant funds to support peer recovery coach trainings as requested by contracted providers. Trainings requested so far include CCAR, State certification, Mental Health First Aid, and Acupuncture.</p>
<p>Increase access to recovery services that promote life enhancing recovery and wellness for individuals and families.</p>	<p>SAMHSA issued a rule that will increase access to Opioid Treatment Programs (OTP). The SAMHSA final rule modifies and updates certain provisions of regulations related to Opioid Treatment Program accreditation, certification, and standards for the treatment of Opioid Use Disorder (OUD) with Medications for Opioid Use Disorder (MOUD) in OTPs. This includes making flexibilities put forth during the COVID-19 Public Health Emergency (PHE) permanent, as well as expanding access to care and evidence-based treatment for OUD. The final rule also removes all language and rules pertaining to the Drug Addiction and Treatment Act (DATA) Waiver from the regulations pursuant to the “Consolidated Appropriations Act, 2023”.</p> <p>DATES: The effective date of this final rule is April 2, 2024, and the compliance date is October 2, 2024.</p>

Substance Use Disorder (SUD)
Clinical Team
Narrative Report
FY24
Quarter: 3

<p>Increase coordination of prevention, follow-up, and continuing care in recovery.</p>	<p>In Q3, the treatment team met with each provider for FY25 annual plans and identified a primary and secondary contact for each agency for coordination of care needs. This will add additional support to our network in ensuring individuals' records are easily sent and received by agencies where services are being provided. This information is being added to the directory on the MSHN website.</p>
