3. Care Coordination Reviews
4. Behavior Treatment Plan Workgroup Discussion
5. Regional Morbidity Data
6. Conflict Free Access and Planning
7. Update to Sparrow Care Pathway and Process Mapping
8. HEDIS Measure Project Summary: LDL-C Screening Joint Review
9. Mi Kids NOW Planning and Implementation-MDHHS

**11/17/2023 Agenda Item**

**Action Required**

<p><b>3-Care Coordination Reviews</b></p>	<p>There has been an increase in reviews with MDHHS and other involved community agencies. Discussing updates related to this.</p>				
	<p>Concerns about placing individuals in non-complaint settings.</p>	<p>By Who</p>	<p>N/A</p>	<p>By When</p>	<p>N/A</p>
<p><b>4-Behavior Treatment Workgroup Participation</b></p>	<p>Dr. Alavi recently participated in the MDHHS BTP Workgroup and will discuss impressions and next steps.</p>				
	<p>This group is capable of making and implementing changes and taking into consideration what physicians see when the state makes new regulations. Dr. Alavi and Dr. Todd Lewicki will share BT related issues during the next workshop and will create actionable items from their perspective.</p>	<p>By Who</p>	<p>All</p>	<p>By When</p>	<p>9/30</p>
<p><b>5- Regional Morbidity Data</b></p>	<p>The medical directors requested this be included for review at the November meeting.</p>				
	<p>If medical examiner determines a death to be indeterminate, that should be considered satisfactory. MDHHS does not allow for dementia to be a cause of death. Sandra Gettel plans on looking into an updated description on how to classify deaths, specifically dementia related deaths. Skye will be pulling additional data/graphs from CC360 to compare morbidity data among the 10 different PIHP's in Michigan. Questions were raised regarding polypharmacy and how medications were classified.</p>	<p>By Who</p>	<p>N/A</p>	<p>By When</p>	<p>N/A</p>
<p><b>6- Conflict Free Access and Planning Update</b></p>	<p>CFA&amp;P workgroup meets again on 11/29 and will be reviewing a full set of feedback from stakeholders. The workgroup will become ad hoc after that. MDHHS will be providing the parameters for CFA&amp;P compliance sometime in January and the PIHPs will need to submit implementation plans that will be effective 10/1/2024. Structural mitigation is required, safeguards and exceptions will also be considered.</p>				
	<p>Informational Only – no follow up needed.</p>	<p>By Who</p>	<p>N/A</p>	<p>By When</p>	<p>N/A</p>
<p><b>7- Update to Sparrow Care Pathway and Process Mapping</b></p>	<p>Recent meeting with CEI and Sparrow to discuss efficiencies, reduction of ED day, and ongoing efforts.</p>				

	Informational Only – no follow up needed.	By Who	N/A	By When	N/A
<b>8-HEDIS Measure Project Summary: LDL-C Screening Joint Review</b>	Clinical Leadership will be reviewing the percentage of members 18-64 years of age with schizophrenia disorder or schizoaffective disorder and cardiovascular disease who had an LDL-C test during the measurement year. This is a HEDIS measure.				
	Discussion on expanding the measurement year. Will be looking into initial data, creating questions in the future about changes and if the current HEDIS measure is kept. Recommendations could be to use peers to engage individuals in physical health activities.	By Who	Todd	By When	12/1
<b>9-Mi Kids NOW Planning and Implementation</b>	MDHHS shared slides from the Fall Conference relating to upcoming plans on Mi Kids NOW.				
	N/A, Information Only due to time constraints.	By Who	Todd/Skye	By When	12/1
