					Provider 12									
												4		
					Annual Summary							4		
	Provider 12 had the goal of improving access to overdose prevention products, raising awareness about fentanyl and STI prevention, and creating a supportive environment for individuals participating in high-risk behaviors because of their substance use disorder. They placed a Narcan distribution box along with supplies in their													
	lobby a	and have reported this to be beneficial to those that come to their facility.

Provider 15 Provider 15 worked to equip local residents with vital tools to combat potential drug-related emergencies. This initiative is particularly crucial in isolated communities where emergency response times can be significantly delayed. Having immediate access to life-saving interventions is essential, as it can quite literally mean the difference between life and death. They ordered Narcan carrying cases, medication lock boxes to distribute to safely store medications, deterra bags to safely dispose of medications, and first aid kits to address medical needs. Outcome Reporting No Program/Activity Outcome rovider 15 was successful in putting on the harm reduction summit. This educational program helped reduce the stigma surrounding substance use, fostering a community culture rich in support, collaboration, and reventative strategies. The summit was hosted on August 6, 2025 and approximately 115 people attended. The feedback was excellent, with participants enjoying both the format, speakers, and the food/venue. larm Reduction Summit Mecosta 8 rovider 15 was successful in ordering and distributing items. Throughout this reporting period, they distributed 75 Narcan carrying cases, 200 medication lock boxes, 50 deterra bags, and 80 first aid kits. istribute Overdose Prevention Supplies/Materials Supply Ordering/Distribution Date Item Distributed or Date Item ITEM Quantity Ordered **Quantity Distributed** Notes Ordered Technology Installed 8/12/2025 1 Narcan carrying cases 300 6/26/2025, 8/25/25 200 in June, 149 in 200 Medication Lock Boxes Ongoing August 6/27/2025 250 eterra bags Ongoing 4 First aid kits 6/26/2025 200 Ongoing 20 Provider 16 Annual Summary Provider 15 worked to increase the education of their staff in order to better serve clients and reduce transportation barriers. Two staff secured their CDL with Class C in order to drive the agency bus to be able to go to regional mutual aid groups. The grief support specialist certificate opportunity ended, however six staff went through a 90 minute grief support in-service training. There were two grief groups that took place with the first group having six attendees and the second group having seven attendees. They had one staff work on a Community Health Worker credential, who should be complete within two weeks. They also prepaid for three additional future enrollments for community Health Workers. Outcome Reporting Program/Activity Outcome Staff secure CDL with Class C to drive agency bus ovider 16 was successful in having two staff complete CDL training through Regen Trucking on 9/10/25, and pass the skills test on 9/19/25. Both have visited the DMV and obtained their CDLs Midland Provider 16 was not successful in securing a grief support specialist certificate as this opportunity ended, however they did have six staff attend a 90 minute grief support in-service training. They were successful in hosting two grief groups. The first group had six attendees and the second group had seven attendees. They also plan on continuing groups after this reporting period. Staff secure grief support specialist certificate and provide grief support groups rovider 16 was not successful in having staff secure the Community Health Worker credential, however they are in progress on this. The Clare Recovery Coordinator will complete her CHW training in the next 2 weeks. 3 Staff secure Community Health Worker credential Three CHW training enrollments were prepaid for future enrollments. The enrollment certificates are good for one year. One will be used by a recently hired Recovery Coordinator in Mecosta County who will begin with Provider 16 in early November after she relocates to the community. One will be used by the Recovery Housing Coordinator, and the third one will be used for a new opening in Midland. Provider 17 **Annual Summary** Provider 17 worked to host prescription take back events with local law enforcement. They also worked to order and distribute overdose prevention and infectious disease prevention items. They ordered 3 harm reduction stations, which will be installed upon receipt as there were delays in the shipment from the distributer. They also ordered syringe service supplies (alcohol pads, bandages, gauze, ointment, sterile water) for the harm reduction stations. They ordered wall mounted syringe disposal containers which were installed at a harm reduction station and county building bathroom with the plan to install two more at the jail and courthouse. They also ordered medication lock bags, tendruly test strips, and valvaire test strips for distributions. Outcome Reporting No Program/Activity Outcome Provider 17 hosted 7 prescription take back events with local law enforcement over this reporting period. Prescription disposal bins have been distributed to partner collection sites and used for all Dump Your Drugs. Events this spring, summer, and early fall. lost nine prescription takeback events partnering with local law enforcement Provider 17 was successful in ordering and distributing items. Throughout this reporting period, they distributed 2 cases (of 4000) alcohol pads, 3 cases (of 1200) Band-Aids, 2 cases (of 3000) gauze, 36 boxes (of 144) ointment, 2 wall-mount syringe disposal containers, 150 gallon sharps containers, 111 quart sharps containers, 10 medication disposal bins, 100 medication lock bags, 30 boxes (of 100) fentanyl test strips, 6 boxes (of 100) and xylazine test strips. istribute Overdose Prevention Supplies/Materials Supply Ordering/Distribution Date Item Distributed or Date Item **Quantity Distributed** ITEM **Ouantity Ordered** Notes Ordered Technology Installed Agreements in place for all harm reduction stations; to be installed upon receipt.
